

Visualizing Sound Analogy Map

Tape this sheet in your science notebook and work in a group to complete the analogy map below for the Visualizing Sound in a Medium simulation. The first row is done for you.

Analogy Map: Visualizing Sound in a Medium Simulation		
Feature of the simulation is like feature of the real world because ...
Dark blue rectangle on the left edge of the image is like a tiny piece of the surface of a drum, or a tuning fork, or any vibrating object because the blue rectangle can move back and forth in a regular pattern just as a vibrating object does.
Blue dots that fill up most of the space in the image ...		
Making the dark blue rectangle move faster ...		
Making the dark blue rectangle move farther left and right ...
