

WIS-South
District Professional Learning Day
Monday, Jan. 11, 2021

All staff meet in the commons at 3:10 pm

- 3:10-3:25 pm - Accountability Partners
 - Celebrate your accomplishments from last year and discuss your focus as we move forward into 2021.
- 3:25-3:30 pm - Logistics for Break-out sessions
- 3:30-3:50 pm - Break-out Session 1
- 3:55-4:15 pm - Break-out Session 2
- 4:15-4:30 pm - Self-reflection: What's one thing learned today you will commit to put into practice this week? We'll be sharing our progress next week with our accountability partners!

Teachers will choose 2 of the break-out sessions below to attend:

Location	Trainer	Break-Out Session Description
Maroon Team Learning Park	Becca Douglas	Title: Strategies for Struggling Learners We'll do a quick recap of simple accommodations and modifications to enhance student learning in different subject areas; as well as a few interventions to add to your toolbox while promoting our building-wide goal of increased literacy skills and a love of reading!
Commons	Stacey Pippin	Title: Trauma-Informed Approaches to Student Behaviors Without a healthy relationship with our students difficult behaviors are not solvable, only punishable. However, this connection is easier said than done. We'll take a quick look at how the power of perception and our own composure can affect our mindset. Then, dig into some trauma-informed approaches we can use to make this shift.
Library	Beth Johnson	Title: Assertiveness What we focus on, we get more of. We can retrain our brain and students' brains to focus on what we want. We will look at how to use our assertive voice and teach kids what that means.

*All sessions will be offered twice. If the first session is too full, you can always attend the second session.
