Prosthetic & Orthotic Sustainable Network Co-lead wanted!

The Centre for Sustainable Healthcare (CSH) is looking for you to become our **Prosthetic & Orthotic Sustainable Network Co-Lead**. We aim to identify and foster sustainable practice within P & O nationally and internationally alongside the financial and social sustainability co-benefits.

The network creates a safe space to collaborate with others looking to embed sustainability into healthcare and ensure an environmentally sustainable future for generations to come.

Your volunteer post is for *one* year initially, requiring approx. 0.5-1-day a month (variable).

Responsibility	**Time per month**	**Time pp (2 +) per month**	**Time pp (4 +) per month**
Help develop the **online network**, hosted on the CSH website (http://networks.sustainablehealthcare.org.uk) o Reach out to members of the network, encourage engagement in the online community (often by starting discussions/Q&As yourself) o Post news, events, and resources (such as research papers, journals, case studies)	4+ hours	2+ hours	1+ hour
Organise, promote, facilitate & oversee online networking events (i.e., a monthly event – which you will host, or co-host as needed)	2.5+ hours	2.5+ hours (alternating responsibility)	2.5+ hours (alternating responsibility)
Develop and disseminate a **campaign** of simple changes that can be implemented by P & O teams.	1.5+ hour	1.5 hours	0.5-1 hour
Agree on a network purpose statement and 3 key goals/objectives of the network (or update existing ones) and ensure you work toward achieving these as a network. Work together and meet regularly to plan how you will do this successfully	1+ hour	1+ hour	1+ hour
Total time per month needed to carry out responsibilities of volunteer role	8+ hours	3.5+ hours (alternating 2.5+ hours)	1.5-2+ hours (alternating 2.5+ hours)

Opportunities include:

- Learn how P & O can be made more environmentally sustainable.
- Develop skills in leadership and project management at a national/international scale.
- Develop networking skills.
- Develop Facilitation skills.
- Contribute to an impactful movement and make a measurable difference.
- Work with fellow experts in the field.

You will be supported by CSH Networks Lead, Rachael Ward. Find out more and apply olly.coe@sustainablehealthcare.org.uk
