Dear Members of the Press,

It has been brought to light the recent derelict of members within the Republican party, I request an investigation be opened up to look into the apparent racism, ableism, and call for violence shown from members of the GOP. I one hundred percent condemn the actions, words, and ideas of malice toward others for who they are as seen from members of the government. It is disgraceful and deplorable that any member of our government uses language that discriminates against others in the public when they themselves are, without doubt, not pure of heart. I am nauseated at the idea that some people are better than others, it is self-evident that we are flawed as people in society, but it is also evident that words of this nature are not protected under the first amendment. It is my duty as a member of the public to hold these people accountable for their revolting diction and ideas, it is upon your duty that the Judiciary Committee start an investigation into the repulsive nature of these actions as well persecution or reprimanding of the guilty.

Thank you for your time,
