

# FUNDAMENTAL FRIDAY!

---

Learn Shapes, Colors, Animals, Letters, Numbers, Etc.

## ACTIVITIES:

### Shapes All Over The House!

Find shapes in everyday, ordinary things around the house and point them out to the little one! You can also add numbers for more fun! 2 Square Pillows! 1 Square TV! 1 BIG Rectangle Door! 4 Circle Light Bulbs in the Fan! It's easy to find shapes everywhere if you just look.

### Online Shape Learning Game!

<http://kinderwebgames.com/tri.html>

### Count My Toys

After playing with toys, get ready to clean up by using the count my toys song. (ex: 9 Toys need to be put away, put away, put away ... then you say – 1 toy has been put away, 2 toys have been put away...)

### CountDown To Daddy!

If your house is anything like ours, we are very excited for when daddy gets home! Each hour have a count down to when daddy will be home and see if your little one can tell you how many hours are left before you tell them!

### Shape Sorter

A shape sorter toy is a great way to see if your little one is learning his shapes! Have him stick them in the correct holes and tell him the name when he gets it right!

### The Alphabet Game

Go all over the house and find things that start with a letter of the alphabet. A is for air conditioner and it

keeps us coooool! B is for ball which kids play after school! Make your own song and see how fast children learn the alphabet and about the things you are showing them.

### Animal Sounds

Make animal masks out of foam paper or material and teach your little ones what sound each animal makes.

### Noah's Ark

Add in your Bible teaching today by telling the story of Noah's Ark and what animals might have entered the Ark. When you say an animal, let your little one make the sound!

### Fruit Loop Rainbow

Take some pipe cleaners in the color of the rainbow and attach one side to a piece of cardboard. Now let your little one slide fruitloops all the way up the pipe of each color until you have a fruitloop rainbow.

### **SONGS:**

Animal Sounds Song - <http://www.youtube.com/watch?v=t99ULjCsaM>

The Shapes Song - [http://www.youtube.com/watch?v=IkZs2\\_1-YJU&feature=relmfu](http://www.youtube.com/watch?v=IkZs2_1-YJU&feature=relmfu)

The Colors Song - <http://www.youtube.com/watch?v=UXzdm6P8Qwc>

The ABC Song –
