14. Background As a soldier in the Japanese military, Dusk was deployed on an expedition to find some fallen soldiers in the middle of a battlefield; before Dusk could find a single soldier he stumbled upon a runic exo-suit that attached to him. Fearing the military reactions, Dusk joined a monastery to hide away from people and focus on himself to find out what this suit could do. After two years, the UNGOC found him with a strange kant reading in the area of the monastery. A team of operatives were deployed to the area to retrieve Dusk and the suit. On retrieval, a team of Ptolemy members researched the suit, finding it to be a sentient object. They dubbed it the PTE-Velveteen-typhoon-booster.
