Topic	Notes and Resources	Important Key Takeaways
Zoom Meeting Details	Zoom Link: https://macmillanlearning.zoom.us/j/7948430063 Facilitator/Trainer: Joshua Aguilar (Bedford Trainer) Rep: Jeanette Fougeron (jfougeron@bfwpub.com)	A <u>video recording</u> (Password: 7Fdc5bw\$) of this sessions will be emailed to all SDUHSD AP Physics teachers
Logging In	The long term plan is to login with Clever from the Start Page, but for now, use the Demo Account (won't have full functionality): Demo account information: https://hs.saplinglearning.com/ibiscms/login/Username : SanDieguitoReview2021@bfwpub.com Password: Review2021!	Jenn will email teachers when the Clever integration is complete (and will include login instructions)
SDUHSD Participants	Madhuri Agashe Brinn Belyea Eli Aghassi	
Student Access	Students work in Sapling (online platform) Students can download ebook to their device (up to 4 total devices) -Students should certainly download to their district-issued Chromebook, which they should be using for all school instructional materials -Students will also log on with Clever (single sign on through their start page)	
Student Text	Students are able to highlight, annotate, and share their notes and questions with others -There is a read aloud feature Other Resources -Practice Multiple Choice questions are included for each chapter -In quiz mode, students have only one attempt, and won't receive correct answer/feedback for incorrect responses -In homework mode, students have multiple attempts, and will receive feedback (teachers can adjust to their preference) -Questions can be favorited or added to assessments -some questions switch out variables from question to question (shuffle sample variable)	

	-another question type included is the drag and drop	
Assessments	Teachers can adjust a variety of settings related to student number of attempts, security, etc. Responses to items are color-coded to provide quick insight into student progress	
	and understanding	
Google Classroom Integration	Integration is not available for this fall; hope is that it can go live in January -however, teachers can copy/past Sapling link and paste it into Google Classroom	
	Grading Integration -should sync with Aeries via Clever -teachers can also export grades via csv files	
For help throughout the pilot	Click on the Question Mark icon within the Sapling platform -Contact Customer Support; this will create a ticket and it will be addressed -screenshots of any technical issues are helpful

	As we discussed, you may duplicate and edit a prebuilt assessment, <u>create a new assessment</u> , <u>add questions</u> to it from the extensive question bank, or <u>create your own custom questions</u> . On the right sidebar of your course, you and your students may access our support articles for <u>accessing the ebook</u> for the first time and for <u>downloading the ebook to read offline</u> .	
	I'm including a few other helpful links below for your reference. You may find answers to these and many other questions in our <u>Support Community</u> , which can also be accessed under the Teacher Help link near the top of each Sapling course	

page.

- Change or customize assessment grading policy
- <u>View student work</u> from the Responses tab
- Reset student work from the Responses tab
- Setting due date extensions or offsets
- Setting multiple assessment due dates and grading policies <u>from the Activities and Due Dates page</u>

If you have any questions about using the assessments, or experience any difficulties as you're working in your course, please don't hesitate to reach out to me or one of my colleagues (hsclientsuccess@bfwpub.com). I look forward to working with you this year.
