

Meeting Agenda 2 (Phase 2)

Once your team has a topic that meets all research question criteria (see agenda 1)
AND it's been approved by me, here are the next steps:

- 1) Articulate the **problem** inherent in your topic:

- 2) Conduct tier 1-3 research on your topic to determine **Individual Areas of Investigation** for each team member. These can be:

- a. Lenses
- b. Stakeholder groups
- c. Demographics

IAI #1: _____ Team Member

IAI #2: _____ Team Member

IAI #3: _____ Team Member

IAI #4: _____ Team Member

- 3) Determine the best approach for your topic: Solution-based or Position-based.
Solution is better.

- 4) Write a working research question for your topic (look back at video notes for stems specific to Solution or Position topics).
