

# AIRWAY ALGORITHM

**ANESTHESIA STAT/CODE ANESTHESIA/CODE AIRWAY DO NOT EXIST**

Who do I call to supervise a non-emergency airway?

When you are holding the airway pager it is YOUR responsibility to know which attendings are on periop, ECC, and cardinal - check amion, ether, ask a fellow, or check:

**\*\*\*If a patient is coding, you can proceed with the airway without an attending present. Do not proceed (e.g. push induction drugs) without an attending present if the patient is NOT coding\*\*\***

**\*\*\*It is at the attending's discretion which provider will ultimately be performing the airway \*\*\***
