## ***Challenge Document***

You didn't complete the challenge, you failed to become what you said you would be, now, you must ask yourself why.

The Rainmaker title in the copywriting campus is one of the most prestigious, exclusive titles you can acquire, the status that comes with it, the confidence you gain when you hold that title, its glorious.

You can be part of this elite group, but you must TRY your BEST, day in and day out.

Will you be left in the dust of your brothers and sisters as we scale the mountain together, while you wallow in your feelings and fear? Or will you join the ranks of the most respected students in campus?

The choice is yours.

Fill this out daily, tag Cole and myself in the #Agoge-Competitions chat.

### **Day 11 (09/14/24)**

#### **Desired Outcome for the Day:**

- Improve my client's shop page, go through all of the feedback that I've received by AI and contacts that I've asked to yesterday and judge which ones are good and take action on them. If not enough time sort the rest into a list and continue these tomorrow. If planned accordingly then shoot for a review to an expert in TRW.

#### **Planned Tasks to Achieve it:**

- **Get my client's website reviewed more and take action on the feedback I gathered yesterday.**
  - **Take action on as many small things I find interesting or valuable in the feedback I currently received.**
  - **Send in the final product to an expert in TRW.**

## End of the Day Reflection:

- Today was a big day filled with nice moments. Although I spent my time from sun up to sun down I feel like I haven't prepared well enough to make sure I had enough time to work on my client's work for the day.

I only ended up spending around 3 hours on client work and it definitely showed me that it wasn't enough to get as much work as I wanted to get done. Maybe I overreached but it didn't feel like it so I most likely just didn't use my time as best I could. If I look at my day and how I spent my time I already noticed a few spots where I could get an hour or two bonus compared to today which would help a lot with a workload planned like today.

Today I noticed the importance of spending good times with people you love as it won't last forever even though it feels like it. I spent a lot of time with my dad today which I enjoyed but I can't repeat that too much since I'll be seeing him another 2 weeks before I depart for New Zealand in early October.

I've prepared my trip as best I could and I'm currently just talking with my relatives over there to setup my arrival. I'm currently in a really good spot, I've sold my old computer gear and made €1800 from it. I also gathered some money from family members that just sent it to me to help me out because they are kind and I love them for it.

Right now my biggest tasks will be reviewing my current position with my current client and if I can get myself a second client faster to make sure I start getting paid. I've pinpointed that I haven't went through the WWP for my current client well enough and skipped some steps a bit so I'll be going back over it, then I'll be reviewing the current project I'm working on (website), and I'll be reflecting and reviewing it to make sure it's even better than before and then onto the next project.

## **The Man/Woman You Are Now vs Who You Want to Be (Keep this the same daily, reminding yourself of who it is you are trying to become) :**

- Now: I'm currently physically strong but not strong enough. I feel as if I'm stronger than the average human but I can't allow myself to fall off unless I want to lose all of my great progress. It's crazy to see how far I've come since I started taking work seriously.

I see myself as well dressed but modest. A strong frame and a strong mind. Little funds but just enough to keep my living costs at a minimum to focus on the most important task at hand, making cash with TRW and building my empire.

I still haven't really technically made a dime in TRW, since I didn't need to use the hustler campus' lessons as I found myself blessed to have enough money to buy the subscription. I'm currently turbo focusing on improving my warm outreach and local outreach skills in order to land bigger and better clients.

Currently I have one client who is one of my long time friends from Turkey, he's a photographer as a side hustle. I'd like to find more clients and especially ones that can pay me for my services with a budget.

- Who You Want to Be: I want to become the king of my bloodline, the family chief, the rock that stands tall in the storm and that people come to to seek shelter and solve their problems. I want to become the problem solver of my family and create strong bonds with them that will last a lifetime.

I want to become a strong, capable and proud father that sets a worthy example for his sons and daughters to be better because we have the choice to.

I want to create an empire that funds my every move, anything I spend money on, anyone I wish to help I can finance or solve their problems since I have so much money I can just throw it at the problem and it'll solve itself. Basically become an abundant individual that doesn't just fulfill themselves with what they have and always searches for ways to have more.

I want to make my family and future kids proud of the man I chose to become. I want to be the product of years of hardship and dedication towards the honorable goal of the pursuit of strength, love and real joy.

I want to be the guy with the giant network that can get things done with speed and efficiency and that people turn towards when they need a favor.

**Your Reason *Why* (make this as compelling as possible, keep this the same and pound it into your skull, so you wake up daily with a clear reason) :**

- My reason WHY is heavily tied into the paragraph above as to what I want to have.

I want to have all of these wonderful things because I want to be the king. I want to be the prodigal son that returns and changes his family bloodline forever. I want to make a difference because I know I wasn't born into this world for no reason.

I understand that everyone that has a bit of drive has a purpose and I think that since I get to choose mine it makes it all the more worth it to make it something that ties into my personal core values such as honor, honesty, perseverance and worshiping the hard path in life.

I know why I want to do this, it's because I want to avoid becoming a person full of regret, full of shame and a small complacent life full of nothing important, significant or meaningful. I've seen too many people choose a life such as that one despite

themselves and I can't say it's something I'm ok doing.

I've always wanted to become this larger and bigger version of myself. When I was young I lived a life of degeneracy and living alone in my room doing basically nothing worth living. After tasting the apple of knowledge and opportunity and changing the programming inside of my mind I simply can't go back.

This is why I must do this. I must become a person people respect, a person people feel duty, honor and pride when talking and looking up to. I can't live a life that isn't worth it and distracting myself from really living. That's what life should be about finding what's REALLY worth living for.
