GASPA Partnership Opportunities

Partnerships play a key role in enabling the Georgia Association of School Personnel Administrators (GASPA) to meet the needs of its members and in turn provide greater visibility for institutions and companies before the membership.

Institutions and companies have the opportunity to participate in corporate social investing with GASPA as partners, friends, or advertisers. In appreciation of such support of the association, institutions and companies receive various benefits depending on the level chosen. Listed below are the various levels of participation, including fees, requirements and benefits:
