Update the Chrome Browser - do this at least once every week

Step 1

- In the upper right, look for a notice that Chrome needs to be updated
- (If you don't see a notice, it means Chrome is ok for now.)
- Click the notice to update Chrome. You may need to restart after the update.

Step 2

- Click the 3 snowman dots in the upper right
- Drop down to Settings
- In the left column, click About Chrome
- Click Check for Updates
- Restart if needed
