BODY CT and MRI Protocoling Etiquette

BODY CT Protocoling Etiquette

1. EVERYONE (including R1, R2, R3, R4) should help protocol all CT's. If you are reading CT's, then you are protocoling CT's.
2. CT Protocoling should NEVER rely Soley on the R1s.
3. Please Protocol up to 2 weeks from the last day of the rotation.
4. If there are any questions, then please ask Upper Level and/or attending.
5. Please see Protocols Tab in ViewBox (https://sites.google.com/site/radiologyatumc/) for reference/resources if needed.

BODY MRI Protocoling Etiquette

1. R2-R4 should help protocol all MRI's. If you are reading MRI's then you are protocoling.
2. MRI Protocoling should NEVER rely Soley on the R2s.
3. Please Protocol up to 2 weeks from the last day of the rotation.
4. If there are any questions, then please ask Upper Level and/or attending.
5. Please see Protocols Tab in ViewBox (https://sites.google.com/site/radiologyatumc/) for reference/resources if needed.
