

President's Report April 2022

Despite the general good weather of late it seems a quite time for Ulysses at present. A lot of members are pursuing other interests and are out there doing things. Good things but not disgraceful things, I hope! The ever-present Covid issue is still affecting people's attendance at events. As a result, this report is really short. Now that we are in the Orange setting, I hope to see more of you out there.

The rides committee has come together and set out the rides for the next 12 months with a variety of short and long rides as well as several overnights. The Pie and Pint rides will commence again once daylight savings kicks in again. We hope as many can attend these rides as possible. Keep an eye on the website and txts for upcoming events

Our current membership is 52 There another 10 or so possible new members are being kept informed about upcoming events to encourage them to attend and hopefully join up

Since the last Committee meeting, the following events have taken place – an Impromptu ride to Mokau, , club night at Fern Lodge in Inglewood, and the Stumble-Inn Lunch. Our Monthly run will take place this weekend with a ride to Whangamomona. Attendance figures were understandably low again due to the Omicron outbreak.

We still have a few members who are undergoing medical procedures and illness. We again wish them well and hope to see at club events soon
