

A Business That Will NEVER Shutdown On YOU!

This Is The Absolutely BEST Business To Start From Home In 2025 and Beyond!

“I put this Google Document Letter together to show you how this business works
and how you can use it to build a business that can NEVER be shutdown!”

Hi Readers!

Thanks for taking the time to check out this letter. Please take the time to read this entire letter - because you're about to see how financially exciting this letter is! You're gonna read how it can help you **Build an Income & Build Wealth** for you and your loved ones... and more importantly how this letter will help you create one of the most important assets you can have in a business and/or turn it into YOUR business.

If you haven't realized it by now, then let me tell you... YOU need to have 100% control of your business. Signing up and promoting MLMs/Network Marketing Businesses is great, but you NEVER have control over those businesses. They depend on you to build it, but as far as the day to day of the operations of it - you have no say in it. If the business decides to close their doors YOU have no say in the decision and you're left scrambling looking for another MLM/Network Marketing company.

Did you know over 250,000+ people a month are searching for a way to make money from home?

Yes! And you're probably reading this letter because you're looking for a way to make some extra money from home now too, right?

Now here are some harsh facts...

- ✓ **FACT:** There are over **250 million Americans** currently struggling under **\$124 TRILLION** of debt!
- ✓ **FACT:** **50,000+ jobs** are lost EVERY MONTH due to companies that are "Downsizing and/or Merging".
- ✓ **FACT:** **85% of American families** are just **1-2 paychecks away** from financial disaster!
- ✓ **FACT:** More than **90%** of adults have a lower net worth at **age 65** than they did at **age 18**!
- ✓ **FACT:** According to the IRS, **97% of Americans** retire in what is considered poverty. They have less than \$200 in savings and their retirement benefits are not enough to even cover **ONE HALF** of their actual living expenses!
- ✓ **FACT:** More retirees are being forced to get public assistance or even go back to work to survive!
- ✓ **FACT:** Financial stress like keeping up with monthly bills is the **MAJOR CAUSE** of divorce, crime, and suicide in America!
- ✓ **FACT:** People are financing almost 1 Trillion Dollars in credit card purchases -- EVERY MONTH!
- ✓ **FACT:** Mortgage companies, credit card companies, banks, etc., ARE NOT your friends. They only make profits when you're in debt. The deeper you are in debt -- the better for them and their **ENORMOUS PROFITS**, which come out of your pocket!

The point of all of those facts is that you need to make MORE Money. You can no longer afford to have all of your eggs in one basket with a job - you need to have multiple income streams.

Now, maybe you're looking for another company to join, or you're looking for another job, or you're tired of living check to check and want to build some savings, or you're under-employed and looking to make some extra money, or you're unemployed and you need work, or you're just not satisfied with what you do to earn a living. Whatever the reason, you're in the right place today.

First, this is NOT a pitch for you to join a Business Opportunity. Even if you have a business you are running from home or at a brick and mortar location - you can still use the information in this letter to bring in extra money month after month and GROW your current business!

Whatever the case may be, I am here to show you EXACTLY how you can earn money from home to ultimately build a \$900,000+ nest egg - plain and simple.

Time is MONEY! - so let's get to it...

From here on out I'll keep this straight to the point and B.S. free.

I'm not going to give you some "Rags to Riches" story because I know you've probably read enough stories about how everyone is making thousands every week online.

Telling rags to riches stories is a marketing strategy used to get people to take action and it works. But, if you're like me you want to get down to "How YOU" can have your own TRUE rags to riches story, RIGHT?

But, if you plan on sitting around and waiting for someone to make that happen for you – you are going to be waiting forever. You owe it to yourself to build your own wealth. We still live in a country that gives us the freedom to pursue that.

Okay Here's The Deal...

The information in this letter can help you become financially independent and start living a life without financial restrictions.

Money isn't everything, but it does allow you to pursue a lifestyle that can give you everything you ever wanted!

I'm not going to ask you to quit your job either. If you enjoy your job and want more money to do the things you want to do that is just fine. Too many entrepreneurs think that everyone wants to quit their jobs. That is not always the case, but most people do want to earn more money and that is what I'm about to show you how to do!

This letter is going to reveal an "**Asset**" for you to be building and using in your business. This is going to be one of the most important assets you can have in your business.

You see, I have been using this business asset that can help YOU (and anyone else) earn a very nice income from the comfort of home - and you can get started as soon as today.

First, let's cover briefly what this information is not:

- ⊘ This is NOT a "**PYRAMID SCHEME**" (You offer a legitimate service and get paid directly for it, no middle man).
- ⊘ This is NOT "**MLM/Network Marketing**" (Although there is nothing wrong with legitimate MLMs - this is not MLM).
- ⊘ This is NOT a "**Get Rich Quick Scheme**" (No inflated promises or hype here - a little work is required).
- ⊘ This is NOT a "**Gifting Program**" (Although gifting is legal, when done properly - this is not gifting).

Just wanted to get that out of the way and hopefully you can now start feeling a little more comfortable about the information you are about to receive - knowing that it is not going to lead you into something you really don't want to be involved in.

So... I got the idea for promoting this business service when I came across a letter several years ago stating that anyone could make thousands of dollars within weeks with a VERY LOW investment.

I've included a copy of "**Page 1**" of that letter directly below to introduce/refresh your memory of that letter. You've probably seen this letter hundreds of times...

THE ATTORNEY LETTER/EXPERIENCE

Dear Recipient,

Greetings! I am a retired attorney and approximately two years ago a man came to me with a letter similar to this one. He asked me to verify whether this letter was legal or not. I told him I would review it and get back to him. When I first read the letter a week and a half later, we met in my office to discuss the issue. I told him that the letter he originally brought to me was not 100% legal and advised him to make a small change in the letter so it would be.

I was still curious about the letter, so he proceeded to explain how the letter works. I thought that it was a long shot and decided against participating. However, before my client left, I asked him to keep me updated as to his results. About two months later, he called to tell me that he had received over \$800,000.00 in cash. Of course, I did not believe him. He suggested that I try this idea, to find out for myself. I thought about it for a couple of days and decided that I didn't have anything to lose, so I asked him for a copy of the letter. I followed the instructions exactly, mailed out 200 copies and sure enough the money started arriving. It came slowly at first, but after three weeks, I was getting more and more mail than I could open in a day. After about three months, the money stopped coming in, I kept a precise record on my earnings and at the end they totaled \$963,493.00!

I was earning a good living as an attorney. However, as anyone in the legal profession will tell you, there is a lot of stress that comes with the job. I told myself that if things worked out, I would retire from my practice and play golf. I decided to try the letter again, but this time I sent out 500 letters. Well, three months later my income totaled \$2,344,178.00! I just couldn't believe it. I met my old friend for lunch to find out how it worked. He told me there are quite a number of similar letters like this going around. What made this one different was the fact that there were six different names on the list, not five, like many other programs. That fact alone resulted in many more returns. The other part was the guarantee that the whole program was legal, since no one wants to risk participating in something illegal.

I'll assume by now that you are curious to know what little change I told him to make. Well, if you sent a letter like this one out, to be legal, you must actually be selling something if you expect to receive remuneration (Money). I told him that anyone sending a dollar to him must expect to receive something in return. So, when you send a dollar to each of the six people on your mail list, YOU MUST INCLUDE A SLIP OF PAPER WITH THE WORDS...

"Please put me on your mailing list"

THIS IS THE KEY TO LEGALITY OF THE PROGRAM.

FOLLOW THE SIMPLE RULES ON PAGE 2 AND 3 TO THE LETTER AND IN THREE MONTHS OR SO YOU MAY RECEIVE PLUS OR MINUS \$800,000.00 TOO!

DO NOT TRY TO MANIPULATE THE PROCESS, BE HONEST AND THIS WILL WORK FOR EVERYONE.

Page 1

So, that was page 1 of the letter I received. The entire letter had 4 pages - **page 1** above, instructions on **pages 2 & 3** and the list of people who you would request to be added to their mailing list on **page 4**. I tried it half-heartedly and I still was able to have pretty good success with it.

I'm sure many of you are familiar with the letter. I still see many different variations of the letter being promoted and those letters still make money for people that participate.

After carefully studying this letter and the entire program/business within it - I discovered that there was an important **"Business Building"** component at the root of it.

What Is This Program/Business Really About?

With this program/business YOU are providing a service - you're making an offer to interested people to join **YOUR Mailing List** to receive valuable information, promotions/offers, etc. People are requesting to be added to this mailing list for a fee of \$25.00 dollars. It's that simple.

You don't even have to participate in the program/business to join the mailing lists of the mailing list owners. You just pay the fees and you are added to their mailing lists. You will then receive valuable information and promotions/offers from them.

If you would like to participate I will give you complete instructions & resources on how to promote your own **"Mailing List" Business** to build a list of people who want to receive valuable information and promotions/offers from YOU.

What I love about this program/business is that I'm pretty much in control of it. Now, I could never say I'm in 100% control because I depend on other services for this program/business to run. **I can say I am in 99% control of this business - and no one can close the doors on me** (I collect names, addresses, phone numbers and email addresses - SIMPLE & EASY!), **my money comes straight to me** (Cash/Money Orders, Zelle or Bitcoin - Very, very Important), **and the mailing list I build is 100% mine** (This is going to be the biggest asset in your business). There are very few home businesses that can offer that!

This is also a business that is never going away (that's called an **"Evergreen"** business). Every year you'll see new products, services, biz opps, and programs pop-up only to fizzle out the very next year. The need for building a mailing list will NEVER change or go away. Every business, online or offline, must do this. You'll ALWAYS need a list of people to offer the products and services that your business promotes. Starting a business that is centered around building a mailing list just makes sense!

Now, any experienced Entrepreneur will tell you that you need to be doing some of the following to truly build a business from home...

- **Spending money on advertising**
- **Placing classified ads online or offline**
- **Paying for additional resources such as web hosting and autoresponders**
- **Promoting products as an affiliate**
- **Generating traffic (website visitors)**
- **Building a mailing list**
- **Recruiting new people**
- **Building websites or blogs**

All of these tasks are ways that can help you make money, but do you really need to do all of it to start making money from home today?

NO, you don't - but, you can gradually add all that stuff later on if you wanted to.

What You Need To Be Doing Right Now Is...

At a minimum **1) Advertising** and **2) Building a List**.

What this letter and the program within it helps people to do is to **Build a Massive List** of people! These are people who have responded and paid you a fee to be added to your list. So, not only do you build a list, but people are paying YOU to be a part of this list.

Hopefully, all of you know how important and valuable a **"Mailing List"** is to any business owner. Now, there are several ways to title this list - for example some people call it a **"Contact List"**, or an **"Email**

List", or a **"Lead List"**, etc. I'm going to refer to it as your **"Mailing List"**. Having a mailing list of people who have responded to some form of communication from you is pure GOLD!

Having a list of people who have responded to you allows you to advertise different products/services and biz opps to that list and make money. You can simply send a text, email, or postcard out with an offer and make sales from your list over and over. If you are building a list that contains email addresses you can send to thousands of people for free!

After discovering the power of the whole letter and the program inside I decided to start my own mailing list business. I charge a \$25 fee to be added to my mailing list. I collect as much information as possible from people joining my list - like a **full name, mailing address, email address, phone number, etc.**

Let's Do Some Math...

Below is an example of what could happen if you started advertising and others decided to do the exact same thing you're doing after being added to your mailing list. This is NOT a guarantee of results you can expect to have. *Your results will depend on how **consistently and frequently** you advertise.

We're using an example of people viewing your advertisements for a better illustration of the numbers. Remember, you can use ANY Advertising methods to generate traffic. I share more lead generating methods further below in this letter.

Response Example...

At a conservative rate of response, let's assume for example that for every 100 people that view your advertisement you get a **4% return**:

200 people see your ad...

8 people respond...

$8 \times \$25 = \textbf{\$200}$

Those 8 get 200 ad views...

64 people respond...

$64 \times \$25 = \textbf{\$1,600}$

Those 64 get 200 ad views...

512 people respond...

$512 \times \$25 = \textbf{\$12,800}$

Those 512 get 200 ad views...

4096 people respond...

$4096 \times \$25 = \textbf{\$102,400}$

Those 4096 get 200 ad views...

32,768 people respond...

$32,768 \times \$25 = \textbf{\$819,200}$

THE TOTAL INCOME = \$936,200

At this point in the example above you will have started in the #6 position and moved through each position ending up in the #1 position. You will have received over **\$900,000.00+ in CASH** from people paying \$25.00 to join your mailing list!!!

The example above was just for advertising **"one-time"**. What if you continued to advertise on a regular basis? You would just keep repeating what you're doing. You could have a steady stream of cash coming in because you are getting **"NEW"** people joining your mailing list and paying a \$25 fee to do so. This could turn into a very nice income stream!

What if you get 10, 15, or 20 people participating and advertising their letter with your name & address on it - You will receive \$25 fees for people signing up to join your mailing list from their efforts! That is what is called **Passive Income!**

The example above is just to give you an illustration of how the program can work when people participate. Again, it is not a guarantee of your results. We all know people do things in their own time so you could get procrastinators who decide to participate a couple of weeks or months down the road or they never participate. But, you could get people who see how powerful this is and jump on it right away!

With this kind of potential it is definitely worth starting and building your own mailing list!

FOLLOW THE SIMPLE INSTRUCTIONS BELOW AND YOU COULD BE RECEIVING \$25.00 FEES FROM PEOPLE WHO WANT TO BE ADDED TO YOUR MAILING LIST!!!

HERE'S WHAT YOU NEED TO DO TO GET STARTED:

Please be sure to read and follow the instructions carefully below:

STEP ONE... You will Immediately request to be added to the mailing lists of each of the 6 mailing list owners below. Send a Note that reads: **"PLEASE ADD MY NAME TO YOUR MAILING LIST"** then, write your **"Full Name"**, **"Mailing Address"**, **"Email Address"** and **"Phone Number"** on the note. You will **pay a \$25.00 fee** for each mailing list you join. You can send your request to join these mailing lists through the U.S. Mail, by Email or by Text.

You can pay each of the mailing list owners using...

- [1] U.S. Mail with a **Money Order or Cash**
- [2] by **Zelle** (MOST Recommended - it's Quick and Free)
- [3] or with **Bitcoin** other **Crypto**

Just contact each mailing list owner and find out how they would like to be paid. The more ways you can provide people to pay you the better.

The Six Mailing List Owners...

Below are the names of the mailing list owners whose lists you are requesting to be added to.

Contact Each Of The Owners Below To Send Your \$25.00 Fee.

*Remember to send the following information to the List Owners:

"PLEASE ADD MY NAME TO YOUR MAILING LIST"	
Full Name	
Mailing Address	
Email Address	
Phone Number	

You can send this note by U.S. Mail, Email or Text. Just as long as there is a record of the request to join each mailing list. I digitally record ALL of my requests to join my list by **"Screen Capturing"** or taking a **"Picture"** of the requests.

I recommend getting an autoresponder service as well. This way when someone asks you to add them to your list you can send a link to a capture page for people to join your list. Here are some services I recommend:

<https://www.mycapturepage.com/>
<https://www.leadpages.com/pricing>

The mailing list that you will be building will be very valuable to you when you start promoting other products, services and/or biz opps :)

MAILING LIST OWNERS:

- 1 - OPEN POSITION
- 2 - OPEN POSITION
- 3 - OPEN POSITION
- 4 - OPEN POSITION
- 5 - TDA Consulting Group LLC - 904-497-2720
- 6 - Tekeisha Walker - 904.517.0974

The **"6 Positions"** is key to how you're going to be able to receive so much money from people joining your list. As people request to join your mailing list for a one-time fee of \$25 bucks, they will be advertising THEIR Google Doc letter just like this one with YOUR name on it to join your list. They are helping YOU build your list! Imagine having 100 people advertising their letters with your name on it for people to join your list! Exciting, right??? 😊

STEP TWO... As soon as you pay your fees to be added to the 6 mailing lists... Send the link to this letter you received, send your proof of payments, your full name, your mailing address and your phone number to **Gerald @ 904-497-2720** to let me know you are participating - I will put a letter together for you just like this one once you have paid all the mailing list owners in each position. I will personalize and update the letter with your information. **The name in the number one (#1) position is removed and each name is moved up one position (#2 becomes #1, #3 becomes #2, and so on). YOUR name and address will be placed in the #6 position!**

STEP THREE... ADVERTISING!!! If you are going to participate in this program to start building your own mailing list, then you'll need to advertise. The Five Methods that I currently use to advertise are...

METHOD 1 - Online Classified Ads

METHOD 2 - Postcard Marketing

METHOD 3 - SMS Marketing

METHOD 4 - Email Marketing

METHOD 5 - Facebook Prospecting

I have detailed documentation on these **5 Methods** - plus, **Bonus Methods**. You get access to all of it.

Feel free to use ANY other advertising method you want. I just gave the methods above to help get you started.

Tips To Help You In Your New Business...

Here are several tips to help you in your new business venture:

- Immediately **CHOOSE** a few ways to start advertising - I recommend **Postcard Marketing** and Advertising Online at Classified Websites like **Craigslist.org**.
- Start mailing your postcards and posting your online classified ads as soon as possible. You want to start building some momentum and earning money.
- Get your postcards printed, labeled and stamped to mail out every month. (I will send you my Low-cost Postcard Strategy that will save you a lot of money!)
- Post your online classified ads daily at places like Craigslist.org, etc. Look for new places online to post as well!
- Send a **"Thank You" card and/or email** to people that sign-up to your mailing list.
- Be sure to build a relationship with the people on your mailing list. Becoming a person they **Know, Like & Trust** 🤝 will allow you to make even more money from them by providing products/services they can buy from you!
- When you start making serious money **STAY COOL** 🧊! Don't make any quick decisions until you have time to plan your next step.
- **Donate 10%** of your new income to your favorite charity... It's tax deductible and it will make you feel good to give to a worthy cause.
- Put **30% into savings & investments**, **10% to catch up or pay off bills**, **30% for taxes** (consult with an accountant for your income tax obligations), and **20% to have fun with!**
- Keep track of your business expenditures, they are tax deductible. If you work from home, you will be able to deduct a portion of your rent/mortgage and utilities from your tax liability. (Consult with an accountant or tax preparer)
- Keep what you are doing to yourself for a while, many of your friends and family may not be your greatest supporters in the beginning. Keep focused on your dreams and goals. Let everyone know of your success **AFTER YOU SEE THAT IT REALLY WORKS!**
- Repeat this process again and again. Use a portion of any profits you gain to send out even more postcards - send 1000 to 5000 postcard campaigns for higher returns. (**REPETITION - This is KEY to this program**)
- You will be compiling a massive mailing list. It will be very useful to you in your business. You should promote other biz opps, products, services, etc. This will add more income streams to your business.
- Note: When you send out ads, you are in the **"List Building"** business. People are sending you a \$25.00 fee to be added to your mailing list for your future promotions/offers. This is YOUR business
 - You've joined the mailing lists in this letter and now you can advertise and earn fees from it for people requesting to be added to your list.

- *If you are renting an apartment, or you're renting a home, or you move often, get a P.O. Box or Private Mailbox. This way you will always receive any requests to be added to your mailing list and the \$25 fee that may be mailed out by people who want to participate.

If you have tried similar programs in the past and failed - it could have been for a number of reasons. The BIGGEST reason I see for people failing with any home business is they don't actually do the work. What do I mean by that? They DON'T Advertise! They don't mail out postcards, they don't send texts/emails out, they don't post ads to free classified sites, etc. The bottom line is they don't do the work it takes to get people to respond and join their mailing lists.

Remember, there are over 250,000+ people looking to make money from home. I know 73+ people who are actively advertising programs similar to this one, including mine 😊 So, I know that it works. Send texts/emails out, mail out postcards and post free online classified ads - Have Fun!!! :)
