

Faculty Courses – Bachelor of Science in Industrial Engineering

Faculty Member	Course(s)
Salah Sadek, Professor, Dean of the Faculty of Engineering	CIVE 121 Statics/Dynamics
Claudia Franzè, Assistant Professor	INDE 100 Introduction to Industrial Engineering INDE 301 Introduction to Project Management INDE 340 Engineering Entrepreneurship
Hadi Abou Chakra, Senior Lecturer	INDE 100 Introduction to Industrial Engineering INDE 200 Engineering Economy INDE 220 Work Measurement and Methods Engineering INDE 302 Human Factors Engineering INDE 303 Statistical Quality Control
Noura El Hassan, Assistant Professor	INDE 210 Operations Research I INDE 211 Operations Research II INDE 300 Facilities Planning and Material Handling INDE 303 Statistical Quality Control
Bonn Kleiford Seranilla, Assistant Professor	INDE 301 Introduction to Project Management INDE 310 Production Planning and Inventory Control
Zinon Zinonos, Assistant Professor	CSEN 101 Introduction to Programming
Charalampos Konstantinou Special Scientist-Lecturer	INDE 311 Discrete Event Simulation
Andreas Neofytou, Special Scientist-Lecturer	INDE 401 Information Systems
Bacel Maddah, Professor, Chair, Department of Industrial Engineering and Management, American University of Beirut (AUB)	INDE 210 Operations Research I INDE 211 Operations Research II INDE 303 Statistical Quality Control
Karim Zahed, Assistant Professor (AUB)	INDE 302 Human Factors Engineering INDE 300 Facilities Planning and Material Handling
