- **General publishing schedule** for Whitman Today is daily while classes are in session and typically once a week during breaks and summer
- **End of Fall Semester 2024** - last WT will be on Wednesday, December 18?
- **Winter Break (January 2025)** - January 6th-17th - Monday/Thursday schedule; Daily publication resumes on Tuesday, Jan. 21 with the first day of classes
- **Spring Break** - during spring break WT would be published on Monday, March 17 and Monday, March 24 (but not on the Wednesdays you have listed). If we would like to submit feature content during Spring Break, Bradley can adjust our schedule to be on those two Mondays instead (and can also fill those feature spots with alternate content, if needed.)
- **End of Year** - WT continues to publish daily through Commencement (not just through the last day of classes), so there is one additional Wednesday available on May 28 (May 21?)
