

The Alliance for Early Childhood COVID-19 Safety and Wellness Screening for Families

Please help keep our community safe by taking your family members' temperatures and reviewing the questions below prior to attending The Alliance for Early Childhood Let's Play! Events.

The following could be symptoms of COVID-19:

- Temperature greater than 100.4
- Cough, sore throat, or congestion/runny nose
- Shortness of breath or difficulty breathing
- Chills, or muscle or body aches
- Headache
- Nausea or abdominal pain, vomiting, or diarrhea
- New loss of taste or smell
- Fatigue

AT HOME FAMILY WELLNESS SCREENING

I have read the symptoms above, and with my signature below, testify that any of my family members:

- ☐ Do not have a temperature greater than 100.4
- ☐ Do not display any of the symptoms in listed above

AT LET'S PLAY! EVENTS

- All Illinois Department of Public Health guidelines will be followed.
- Unvaccinated participants are encouraged (but not required) to wear a mask when six feet of social distancing cannot be achieved
