

Welcome To The MSB Brotherhood Program

[Click here to watch The Welcome Video](#)

1. ***The Goal Of The Program***—Help you find inner peace, develop core confidence and overcome the fear that holds you back in work, relationships and life. Anything less than striving for your dream life isn't acceptable here. You cannot just 'drift through' in this program. You are now a representation of Matt and a representation of our group and we expect high standards of you. So commit to the process, learn life changing lessons, have a bunch of fun, make lifelong friends and build the life of your dreams.
2. ***What You Get In This Program***—Depends on your membership level—see exact details below.
3. ***The Weekly Group Coaching Calls***—Every week, Matt hosts two group coaching calls for The MSB Brotherhood members. Jump on these calls, ask your questions and get the feedback you need to move the needle forward in your life. Click on 'Calendar' in the Skool group to see the group coaching call schedule.
4. ***How To Get Support***—Watch all of the training videos, then when you inevitably have questions and want feedback, ask your questions on one of the two group coaching calls that are hosted every week. Matt dedicates plenty of time every week to answer your questions. So please show up to the calls and ask your questions there. If you want a 1on1 call with Matt, you can purchase a 30-minute consultation for \$100USD. You can also ask your questions in the 'Community' section of the Skool group.
5. ***Your First Steps***—Go through the *no more anxiety* challenge. After you've gone through that and have successfully learned our method, Matt will unlock the rest of the courses for you. The reason we do this is because we want you to focus on becoming the most confident version of yourself, not on consuming information.
