THE MINISTERIAL PROCEDURES:

THE UMAYYAD CALIPHATE, the 2nd GOVERNMENT of ARABIA

I. **THE SUPREME COURT**

    A. The Ministry shall open a candidacy thread on reddit when the time comes to select new nominees - this shall be done with enough time for this entire procedure to run.

    B. From the pool of candidates, the Ministry must vote on all of them. All those approved by a majority vote go to the next phase.

        1. If the Ministry fails to approve at least the number of seats needed, they must re-open the candidacy and/or redo the vote until enough candidates are approved.

    C. The Ministry will then run an ~~STV~~ approval vote among themselves featuring all approved candidates to rank them. Each minister can give a score of 1 to 5 to each candidate and the highest-scoring candidates are ranked higher. Then they must send anywhere from:

        1. The number of seats plus two *(the number of seats and the number of seats plus one are only acceptable if there are less than the number of seats plus two approved ones)* to double the number of seats of candidates ranked by ~~STV~~ approval to the legislature. The ~~Ministry~~ Prime Minister chooses how many to send within that limit and that is overrideable by a majority vote of the Ministry. ~~that choice needs to be done before~~

    D. The Legislature will then approve or reject through a majority vote each candidate that was sent by the Ministry. If the Legislature approves more than the needed seats, the top-ranked ones by the Ministry are automatically picked. If there are ties, the ones who received more approval votes from the Legislature are picked. If there are still ties, the Prime Minister picks.
