Federico.Scholcover@Truist.com

I look forward to being a participant in the NC State User Experience class project ("the Project"). I will participate in creating materials, ideas, concepts, and discoveries individually or collectively with other classmates (the "Deliverables"). From the outset of the Project, I hereby grant Truist Bank and its affiliates the irrevocable right and license, without any further consideration, to use the Deliverables at its sole discretion, including in any future products and services or developments. I understand that I cannot identify or refer to Truist or its affiliates or use any of Truist's trademarks or logos in any disclosures, content, media, or publication or any kind without written consent from Truist.
