THS COMMUNITY KEY STAKEHOLDER REVIEW

This design covers the refresh of the collaboration/common space within the library.

See <https://make-a-change-environment.ths.community/> for more information on environment change management within the THS community.

WHY

Collaboration is a key part of the THS Community learning framework and a medium size collaboration/common space is required for learning partners and learners to meet, share and discuss.

Functioning as a meeting place for the community, with a similar feel to a “kitchen-table” in a house.

As per a key philosophy within the THS Community Built Space Framework; “we do it right, or not at all... as we care about our built environment because we care about the people that use it and how it makes them feel.”

KEY DESIGN OBJECTIVES & OVERVIEW

Flexible	<ul style="list-style-type: none"> Needs to be reconfigurable
Privacy	<ul style="list-style-type: none"> Can be used as a private meeting space if required. Zones M & R isolated when required.
Storage	<ul style="list-style-type: none"> Needs storage space for library, resources for collaboration and kitchen. Use draws or swing out doors - no sliding doors Around the edge storage Conceal electrical cabling and house power points, data points
Audio Visual	<ul style="list-style-type: none"> Monitor for presentations/collaboration- privacy required re information displayed- orientation important- not to be seen from the library or through the windows. Easy connectivity - all operating systems
Feel	<ul style="list-style-type: none"> Light and modern, colour, but also feel like the family/community gathering space - like the "kitchen-table" / modern cafe Couches for relaxing. Plants to link to the outside. Respect the wood, but compliment with fresh colour pallettes Blinds to match the blinds in library in colour.
Practicality	<ul style="list-style-type: none"> Zones M&R are need to be able to function as one space for larger groups. Zone LW needs to be "isolated" for phone calls etc
Environmental Sustainability	<ul style="list-style-type: none"> Reduce/eliminate the use of single-use plates/cups etc Add a small/draw dishwasher Add recycling bins - link to ESG strategy one waste management.
Whiteboard	<ul style="list-style-type: none"> Library support need a white board for scheduling- term calendar. Meeting space needs white board for collaborating
Electrical	<ul style="list-style-type: none"> Fixing exposed wiring for practically and aesthetics.
Fridge	<ul style="list-style-type: none"> Current fridge to be maintained, size is suitable for the current needs.
Ceiling	<ul style="list-style-type: none"> Use false ceiling for look and to enclose electrical cabling etc
Floor	<ul style="list-style-type: none"> Carpet to be maintained
