

*Between modding for a number of streamers, keeping up with drama on twitter, and talking with a ton of other mods, I get to come across a fair bit of cringe that makes for good cypypastas and the like. Most of these aren't from sourceable places (stream chat, discords, etc) so unfortunately I don't have sources on them. Do note that in the case of names being mentioned, I'll generally remove and replace them with a benign alternative such as "streamer." Additionally, I am retaining the often horrible spelling, grammar, and formatting. Have fun, don't cringe too hard, and ping me at @bubble\_streams if you have more paragraphs of cringe for me to add!*

So, I am DM'ing you because I saw your pfp, and I guessed right away that you are one of "those people." I don't like leftists. They often don't know when to be quiet and not shove their politics down people's throats 24/7 everywhere they go. You seem like one of the tamer ones, and smart enough to know not to do that, especially here, where it doesn't belong. I do not like you, but I will at least grant you this courtesy. Behave yourself, and there won't be any problem. :)

Hello my name is XenoRonin and i am a wandering Dragon Alpha Wolf from another world that fights big top villains and other swordsmen to spar with or test my skills and help's people its a pleasure to meet you.

Fuck you man, more bullshit and lies from you. All you have to do is click Start Stream and shake your titties around then go UWU in a cute girly voice to get simps. All you female vtubers are the same. You can't give any of us male vtubers a carrot but you sure do love hitting us with the stick. How about you raid me just once at the end of your stream and I'll drop this whole thing. And for the record I have a PHD in social media marketing. You should be thanking me for giving you the opportunity to collab with a future famous VStreamer. *[note: this was sent to a male vtuber]*

Hey streamer, i just wanted to express my disappointment in your community with this message. I have been a active viewer for the past couple of years and despite my constant effort i have not been gifted a single sub by your community. You should really be ashamed.

I find it really annoying when people call me a furry or say that I lie about my age because I'm not a furry because I don't consider myself a furry. I also find it annoying when people say that I'm lying about my age because I'm not. The honest truth is that I am 21 and I am going to be turning 22 next month on the 14th. The people who say that I'm lying about my age are making themselves look like an idiot.

In regard to your tweet about animal crossing baking. I am already planning on doing this so there is no need for your contribution. The stress this competition is causing me is risking my health. I am expecting the removal of this tweet as soon as possible in order to avoid any confrontation with my future brand.

These years have been the best of my life, however, I haven't seen the sun since gray day of july, I blame the streamer and its moderators of the decline of my channel. Also it's not worth talking about someone what left the skin of pony to a quiff in the form of a succubus From tomorrow It will be the last game of Brawl Stars of this month. Tomorrow after the last video I take a month break but I'll be back in November with more fun. I'll leave my friend in charge of Nightmare Night 2021. Thanks and good luck everyone.

Streamer, just gonna ask, have you seen the commercial on the snack called Dietz? It's a meat-based bite-size snack. The commercial itself became a meme, just because of the whole products name.... [7min gap] I'll just spoil how it became a meme, you know the meme about the nuts right? the written word was dietz nuts, but was read as "ditz nuts".

please read this; I want to thank you for the advise you giving me last time about getting a girlfriend, and thanks to you, it worked better than expected, I start my 10 year prison sentence tomorrow, turns out she was a feminists who hated men, and she wasn't shy, she just hates talking to men , also, she watched comedy just because she thinks all men are dumb, when I confessed to her, she took that as sexual harassment, so here I am, I am going to miss you streamer

Hello! I have been following your tweets for the past two days, and have come to the conclusion that you do not deserve to have Raymond on your island. he is my comfort character and seeing him in an environment not meant for him brings me anxiety, so I will be expecting a reply to this DM when you have him in boxes and ready to relinquish him to someone who will treasure him like he deserves.

Annnnnnnnnnnnnnnnnnd, that's what you get for muting me on twitch!, I guess. Alright let's get to the point. A few weeks ago, you abandoned your Tik Tok account and even deleted it a some point. You probably thought nothing would happen, but your social media experience ,without you even realizing it, is coming to a close. All you'll have left is your online shop, and I know you enjoy steaming on Twitch as much as I enjoyed Beauty and the Beast. So here's what you gotta do. I wish simply reactivating your account would be enough to save you, but you still need to get your mojo back. So once you reactivate your account, you will have three days to publish twelve videos on Tik Tok. Got that? Three, days. Now listen, this means everything. The good news is, you may start this urgent challenge whenever you wish. I wouldn't hold it off though. Your already in enough trouble now. The bad news is ,no, that wasn't the bad news, You only get one chance. Once you start, you gotta finish it. Yes it seems hard, but I'm sure your can do this. I have my faith in you hopeless cow!

fuck you everyone they boobs and you they to chat what's been going on in your life lately and i have problems in my head so if you don't unban me i won't follow you anymore because this is not a logical reason to ban me bye.

I am still on my knees begging for love, not to a stranger, but to the love I know -- you. I've been in love and know its mystery. Each night and day I hope and pray that you'll be mine forever more. After what you've been through, it'll be hard for you to trust again - giving your heart and soul to another's keeping, but I know it's me that's on my knees, swallowing my pride, begging you, please - once again, I say, "Please," be mine.

You are my "knight in shining armour." I wouldn't be where I am today if it weren't for you reaching out and helping me. I will never forget you or the things you have done for me. You are the "best" in my eyes and in my heart. I love every moment we've spent and the small talks we've shared. I do hope that one day our friendship will grow into love. No matter whatever becomes of "us," I will always hold you in my heart.

I don't know how to start, because I'm afraid it might be the end of our good relationship or, if I'm lucky, it could be the realization of my dreams, which is for you to love me as I love you. I told myself, I might as well take the risk because it's the only remedy I know of that could let me lose this feeling I've been keeping inside me all this time. I love you. I know you'll find it hard to believe me if I tell you how much you mean to me. I hardly understand what I feel for you, ILY.

The stream starts, and so my spam begins. It shall not end until i am banned. I shall fear no mod, sub to no streamer. I shall live and die in the Chat. For i am the value in the bomber. I am the BM in the lethal. I am the salt in the defeat. I pledge my keyboard to the Chat, for this stream and all the streams to come.

What can I say? I'm a straight guy. Yeah I care about plot and writing and development and all that jazz but I would be lying through my teeth if i said a little fanservice bothered me because it honestly doesn't. Now this doesn't mean i'm some freak hentai addict or a weirdo that gets off from cartoons but yeah those girls do be looking good and a little tits or ass angle is kinda nice to see sometimes. It's not like i'm actively looking for it but i don't drop an anime because of it.

Have you ever been beaten by a wet spaghetti noodle by your girlfriend because she has a twin sister and you got confused and fucked her dad?

She only makes fun of my penis because I am unconventionally attractive and hot and my hair is too good and she's just not happy with it

Hello! I'm Chad Badger. Have you ever struggled with the ol' porcelain push? Been backed up on the Hershey Highway? Needed to take a dump the size of a birthday cake? Well fear no longer! With my patented Abject Terror Laxative...hang on, I'm told cocaine is still illegal. Unrelatedly, party at my place!

for my dearest streamer,  
the days ive spent without you have been long, the nights cold  
but i continue on the unrelenting grind because i know one day it will all be worth the life i build  
with you  
much like the humble barnacle anchoring itself to the underside of a pirate ship, my heart is  
inextricably anchored to yours.  
like a succulent peach providing shelter and sustenance to the common earthworm, you provide  
a nurturing environment for my soul  
like ryze protecting the runes because runeterra is worth it, i will always protect you because  
you're worth it and you deserve no less  
i admit i was a little horny when i first saw your syndra gameplay, anyone with half a heart would  
be  
but im not horny simply for her well shaped legs or her ball handling abilities  
im not horny for your peachy anime girl vtuber persona thing  
im horny for the woman behind it all, the woman who showed me to love again  
so, babe, will you swipe right on the future we could have together?

Hot as it might be to some folks to sleep with you, I kinda have some standards.  
Sexists don't get the honor of having sex with me, especially men bashers!  
So yeah.. you currently fall below my bare minimum threshold of standards.  
So Sorry!

Makes me glad knowing that youre miserable IRL "He takes these way too personal" Well, if you  
have 30 minutes a day to chill and chat in a stream and you get timed out for 20 minutes  
everytime youre just trying to chill you'd get pissed too, gl with your streams but legit im done,  
theres a reason why other streamers have rules this shit

The 5 gallon bag of room-temp mayo is for me. I scoop it out of the plastic bag with four fingers,  
no thumb, and stuff it into my mouth like spackling a hole in the wall. You don't get any of my  
mayo. That's what the cattleprod in my other hand is for. To keep you away from my mayo bag.  
Shlurp shlurp. Mmmmmm...  
(yes *this one is oc*)

Hentai is better than porn, and I can point out multiple reasons on why my statement is a solid  
fact. Firstly, hentai allows for people to escape the boundaries of normal porn, as they are not  
bound by any physical, psychological, or plain impossible limitations that normal porn has due to  
being filmed in the real world. Hentai, on the need for acting from anybody for them, meaning  
that the scenes in them are perfect and immersive. Thirdly, hentai requires mental gymnastics.  
In porn, you're imagining in the third dimension, which is too weak as we are already living in the  
third dimension. In hentai, to put yourself in one of the characters shoes, and thereby requiring  
more mental strength in order to get off to. And, finally, hentai is art. All porn is is just a bunch of  
fake ass acting with some random guy holding a camera to film them. Hentai artists, on the  
other hand, require years and years to get good at art, and each single frame (or panel,  
depending on whether it is animated or not) is hand drawn, which involves way more effort to do

than simply filming people in the act. Due to all of these points, with hentai not being bound by real life limitations, having better, more creative stories, requiring mental gymnastics to get off to, and requiring more effort and literally being art, I can now conclude that hentai is better than porn.

Streamer thanks so much for the streams it's been great fun watching them but unfortunately this will be my last one for the next 6 months, I'm going to rehab and won't have internet access for more than 20 minutes which I will spend on talking with friends and family who I've been ignoring lately due to my addiction. when im done with rehab and am fully rehabilitated from an addiction to sleeping with your mom I'll return to chat :)

Hey guys, did you know that in terms of male human and female Pokémon breeding, Vaporeon is the most compatible Pokémon for humans? Not only are they in the field egg group, which is mostly comprised of mammals, Vaporeon are an average of 3'03" tall and 63.9 pounds, this means they're large enough to be able handle human dicks, and with their impressive Base Stats for HP and access to Acid Armor, you can be rough with one. Due to their mostly water based biology,

there's no doubt in my mind that an aroused Vaporeon would be incredibly wet, so wet that you could easily have sex with one for hours without getting sore. They can also learn the moves Attract, Baby-Doll Eyes, Captivate, Charm, and Tail Whip, along with not having fur to hide nipples, so it'd be incredibly easy for one to get you in the mood. With their abilities Water Absorb and Hydration, they can easily recover from fatigue with enough water.

No other Pokémon comes close to this level of compatibility. Also, fun fact, if you pull out enough, you can make your Vaporeon turn white. Vaporeon is literally built for human dick. Ungodly defense stat+high HP pool+Acid Armor means it can take cock all day, all shapes and sizes and still come for more

heyyy queen I saw your tweet about how men are trash and I just wanted to let you know that I agree. although I myself am a man, (i know, ugh) i am on your side. "one of the good ones" as some may say. btw I never even noticed how fat your POGGIES are till now but they're awesome

Hey can i say one thing pls

youre a virgin and youre the joke here, are you cosplaying like that in reallife? is your father proud of you? did he leave you? how did you end like this, i dont know if i can rescue you or anyone else can do. I really dont know... so, youre a joke, everyone is laughing at you, every spectator is laughing at you, i hope u remember me

my opinion on vtubers: They don't even have to do anything to look good, they just have to pretend to be 13 and put on some fake cringe voice and just create parasocial relationships with desperate fucking weebies, who can't get a fucking girlfriend in real life cause they're fucking pathetic

I want to date [streamer] so bad. She is so cute and I love her so much. She has a cute smile and a cute face. She's a gamer like me and has an amazing personality. I would love to tell her every night "I love you" and rub her feet while she is streaming. We would go out when she isn't doing gamer stuff and have fun together. She is also great at gaming so I would be able to get carried by my very own GF. I love girls who are better at things than me so I can learn from them. God I want to date her.

i need my fucking spit bro. I'll swallow that holy juice like it's the last drop of water on earth. you can squeeze and spread me like peanut butter and jelly after bro please understand i have morals

MA'AM I WANT YOU TO SPIT IN MY MOUTH. JUST TURN IT INTO A FUCKIN POOL. I WANT IT FILLED TO THE BRIM. MAKE IT OVERFLOW LIKE AN OFFBRAND MANGA PAGE. JUST ABSOLUTELY RUIN ME. SPIT UNTIL YOU'RE DEHYDRATED. DROWN ME ON DRY LAND.  
*(I regret to admit it, but this is also OC)*

my intro) ... i sit in the dark corner of the chat , my flaming blade is sheathed but i keep a watchful eye for any intruders , ready to protect everyone. i wear a dark cloak and you cant see my face but i can see yours. my fists are bruised and i have cool scars on my arms and torso ass well as tattoos of dragons and my haircut is cool too

listen man I wanna see a clown girl break a gatorade bottle with her clussy so I can be given the life blood of coochie juice and electrolytes to hydrate myself for an evening of clown fueled degeneracy

everytime I play ace attorney I keep thinking of that rudolph nosed bitch juggling my balls like a fucking street performer, staining her pink attire a shade of white to rival count Dracula, I need to find new means of financing my innate need of suppressing my desire to breed a tight supply clussy every morning I wake with the most vigorous meat entirely dedicated to the clown girls that stalk my dreams like Freddy Krueger, tempting me in equal parts with their volomuptuous curves and their incessant honking just out of view. Every morning I'm no longer pitching a tent rather forming a whole circus with the elephants trumpeting in my trousers, all with these smug clown girls mocking me acting as a perverted ring leader

The worst thing just happend to me I was watching youtube on my calculator when i realized i forgot to feed my car. I ran insanely fast at 2mph just to feed it then i had to do my homework cause i already finished it tomorrow, it tasted so good. Some of my friend came over to hang out and talk but im deaf so i decided to listen to some music instead and that's why you should microwave apple's. You'll help me for watching :)

hear me out homie, quick question so what would we more accurately think of with the tight breedable little clussy holes, we could apply the clowns and handkerchiefs and assume it goes deep, or we can go a radically different approach and go by the clown car train of thought in which the space is able to contain a lot of individuals at once either making clussy ideal for group ordeals or an enjoyable deep experience unlike any other

Have you ever heard of the Greek hero Bophades? His story is similar to the story of Achilles. When he was a child his father held him by the groin and dipped him in the river Styx, as to make him invincible in battle. However, just like Achilles, he had a weak spot. Because his father held him by the groin, this was where he became vulnerable. In the case of Achilles, this was his heel, so you may have heard of an Achilles heel, or the Achilles' tendon, but now you heard of Bophades' nuts.

hey, sorry I saw your profile and I just thought you looked cute in your picture, I wanted to tell you that :)) It's really rare to see girls watching vtubers haha! I can't help but always imagine myself breastfeeding people. It is not limited, friends, causal acquaintances even strangers on the streets. I want to breastfeed them. It's a desire that wont go away and I feel ashamed of it. Does anyone feel the same way?
