

Thank you for participating in the contest!

Please read this document thoroughly before you make your submission!

START DATE : 7/7/26 @8am PST

END DATE : 7/14/26 @8pm PST

RULES!!

- ★ You must be a backer to participate! Please add your backerkit username to the design image or the design will not be entered into the contest. (for proper credit as well)
- ★ You have one week (7 days) to submit your design, any late submissions will not be counted in the votes
 - ★ You may only submit ONE design to the contest
- ★ Design MUST be a griffon, bird front half and pawed mammal back half. Design is not limited to felines or feliforms. They do not have to be existing earth animals.
- ★ **ABSOLUTELY NO AI!!! Your submission will be IGNORED if it was made with AI!**

General Requirements / Other Info

- ★ Bases may be edited and added on to in any way you require (please note limitations in plush making capabilities of some details)
- ★ Bases provided are not required to be used, you may use your own drawing and line art! Please note the design may have to be tweaked by me to fit what is possible in plush form! You do not need to draw or complete the full turn around unless you think you should, the rest of the turn around can be completed by me!
- ★ Both digital and traditional designs may be submitted. Please make sure images of traditional photos are taken in good lighting and centered in frame.
 - ★ Make sure to submit high quality jpeg or png to retain details.
 - ★ Design may be for 12 inch or 24 inch sizes
- ★ Please note fabric and design limitations, as well as color limitations. Please expect some reasonable level of difference between the reference and the real sample.
- ★ If your design does not meet requirements to be entered into the contest, I will provide you with feedback to fix your submission and try again!
- ★ Please submit designs to the “**design-contest-submissions**” channel in my discord server OR email me the design at **thebreadbunn@gmail.com**

Voting Info!

- ★ Initial voting will be done by me to determine the top designs. (depending on how many submissions there are, it may be 'top 10' or any variation of top numbers)
- ★ The secondary rounds of voting to determine the 3 designs that will be added to the funding goals will be done by polls on backerkit!
- ★ Voting poll(s) will be open for 3 days when I choose the finalists!

Please note: there is no guarantee your design will be funded even if it wins the votes!
