Grade 7 Geography Learning Goals:

December 2016

- I will use the geographic inquiry process to investigate the impact of natural events and/or human activities that change the physical environment, exploring the impact from a geographic perspective.
- I will investigate a natural disaster (and its related human activities) that has changed Earth’s physical features.
- I will make connections and draw conclusions on how these natural disasters and human activities can have social, political, environmental, and economic consequences.
