About Gringo Street

The Gringo Street Club's mission is to provide a fun, simple, and stress free way to bring Spanish into the Gringo home.

Teaching

The problem we saw as language teachers?

99.999% of all parents surveyed thought they didn't have the language skills or confidence to support their littles' language journey.

Parenting

The problem we saw as parents?

As a stay at home dad during pandemic I spent hundreds of hours looking for content for my toddler. I spent more time searching than parenting.

Fun

The problem we saw as Funners?

Flash cards and language drills are not fun. Toddlers don't learn this way. And 99.9999% of all Spanish language acquisition "systems" are flat out BORING.

Gringo Street Club Pays it Forward

Gringo Street Club is not just another 1st world book club.

A portion of every sale goes directly to supporting the very best non-profit English programs in the poorest areas of Latin America.

We're a group of parents, teachers, and expats based out of Costa Rica that believe deeply in the transformational power of language and literacy.

And, the truth is, in Latin America speaking, reading, and writing *English* is often the transformational tool needed to lift children out of generational poverty.

Many of our former students go on to lift their whole families out of poverty.

After many years struggling to fund our efforts to get quality English instruction to the poorest slums in central America, we decided to do something about it.

Thus was born the Gringo Street Club.

We realized that Gringo parents (parents anywhere, tbh) are almost always willing to give cash to help support legit literacy and language programs.

So we created a value-added solution.

A win-win situation...

For less than the price of one hour of private tutoring, a gringo family gets their fun box, and a kid in Guatemala finally gets that letter of acceptance she's been praying for.

Gringo Street Club: 2

Corporate, profit-hungry book club: 0
