

We have made it our mission for the last 20 years to make sure every home and business in the northeastern Kansas region has a strong and reliable foundation to sit on. Carter Concrete and Foundation repair was founded back in the early 2000's with only a couple employees and a dream to become the most beloved Concrete Contractor in the area we serve. Throughout the years our niche has shifted more to foundation repair, as we did more and more concrete work we found out what the demand was for and what we were good at. We specialize in foundation repair for both residential and commercial buildings. We also offer various concrete services as well as repair, patios, driveways, ect. Give us a call today, we would love to tackle your next project.

Carter Concrete and Foundation Repair

508 Wisonsin St.

#D Lawrence KS 66044

USA-785 264 4388
