Bundle Option \$297 - We recommend promoting Dropshiply 2.0 through the Front End and allowing the customers to go through the normal funnel as it's a proven high converter. However if you wish to promote as a Bundle for \$297 we have that option and we are having a **pre launch webinar at 9am EST** to sell the bundle. We are also doing private webinars during the launch so if you want a private webinar, then let Gary know. We also have a coupon **DS2BUNDLE50** for \$50 off
