Teacher feedback form (2021-2022)

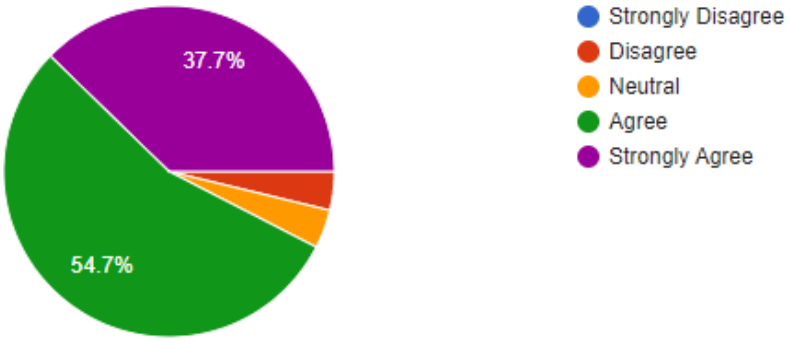

The course content is need based, updated and has good balance between theory and application.

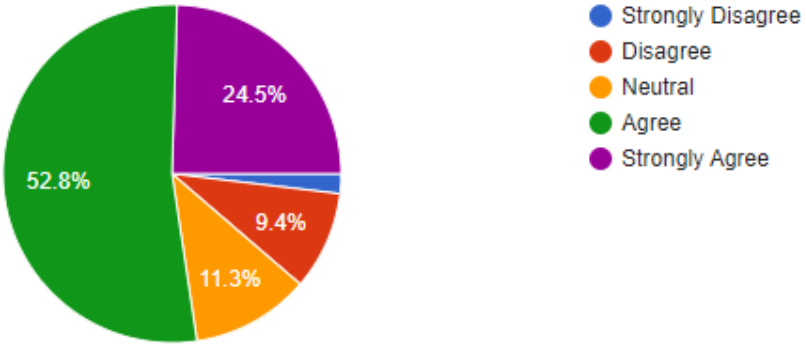

The syllabus provides comprehensive knowledge and perspective in the subject area.

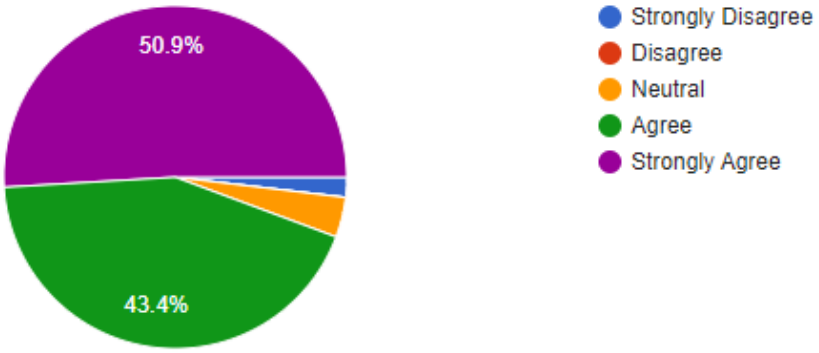

The assessment and evaluation system objectively measure the course outcomes(COs) and Program specific outcomes(PSOs).

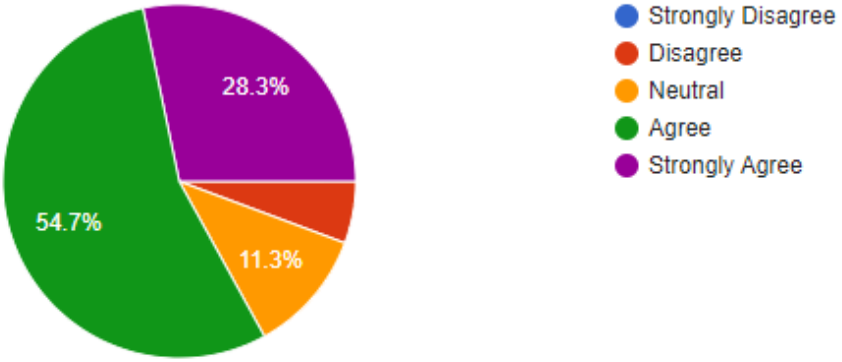

The course content has enough scope for development of analytical ,logical,technical and creative skills to the students.

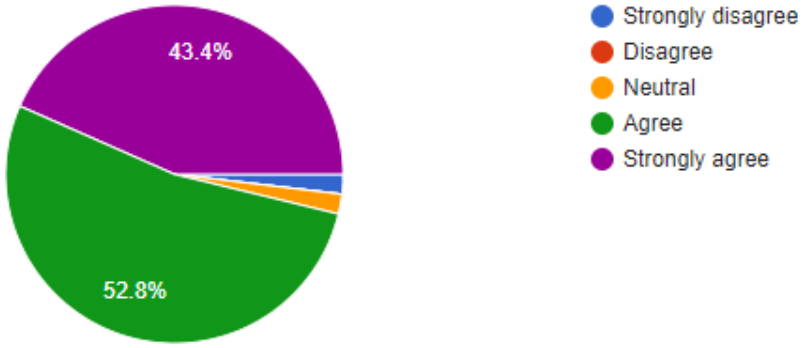

The college has enough relevant resources which are updated regularly for teaching learning purpose.

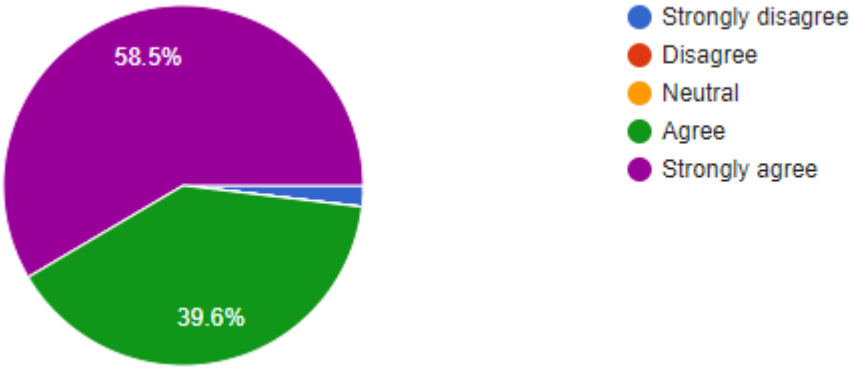

Course content has prospects for competitive exams/higher education/employability.

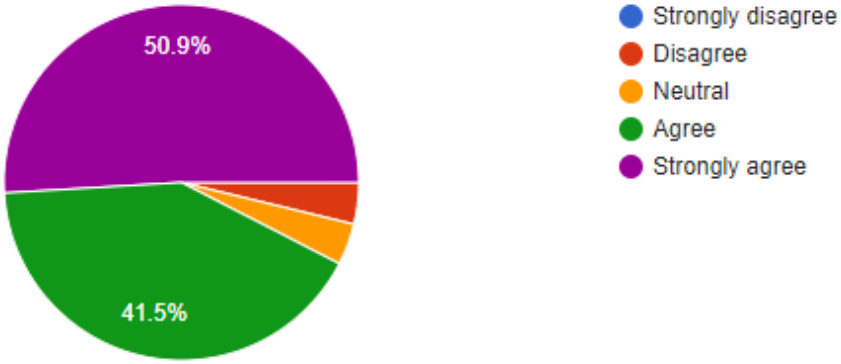

The training programs/projects/field visits should be added/increased for better learning outcomes

The experiments ,assignments and projects are beneficial in increasing the subject knowledge of students.

The curriculum should be revised frequently as per the requirement of competitive environment

The CBCS systems should be implemented in colleges in all the programs
