

MUSIC PRODUCTION RESOURCE LINKS

The following is a modest listing of links to helpful resources we'll use throughout the course.

MUSIC CREATION

DIGITAL AUDIO WORKSTATION (DAW)

- [GarageBand](#) (for Mac) - Entry-level Digital Audio Workstation (OSX for desktop, and iOS for mobile). You can [sign-up HERE for a free copy of The GarageBand 10 Quick Start Guide](#) (enter email address, check email to confirm, click link to download free). [CLICK HERE for Dr. Watson's GarageBand Tutorials \(YouTube\)](#).
- [Audacity](#) - Audio recording/editing (not a web app though). Online [Audacity user's guide](#).
- [Soundtrap](#) - Cool online DAW with simple interface but good functionality. [Here's my basics of Soundtrap video](#). [TUTORIALS](#): Here are video tutorials on [How to Record audio in Soundtrap](#), [Working with Tracks in Soundtrap](#), and [Working with Regions/Tracks in Soundtrap](#). [Soundtrap FAQ](#).

MUSIC NOTATION & NOTATING

- [Noteflight](#) - Music Notation app (typeset, playback, share, etc.).
 - The following is a Noteflight Webinar that presents all the major features of the program. It is fairly comprehensive, but about an hour long. Click to view: [NOTEFLIGHT WEBINAR](#)
 - Here's the [Noteflight Guide](#); consult it or your instructor if you can not figure out how to do something.
- [Note Recognition Drill](#) - Help learning to recognize notes on the staff (treble, bass, etc.) from [musictheory.net](#).
- [ToneSavvy.com](#) - MORE music theory help, drills, etc.!
- [Keyboard Note Recognition Drill](#) - Help learning the keys on a piano keyboard, from [musictheory.net](#).
- [Guitar Chord Fingerings](#)
- [Ukulele Chord Chart](#)

MOVIE (FILM/VIDEO)

- [Camtasia](#) - Video screen capture software. [Camtasia tutorials](#). Tutorial: [Adding titles and transitions](#).
- [iMovie](#) - This app (**Mac or iOS**) combines the best features with simplest use. MANY other video apps for smartphones and tablets exist and really, you don't need anything

fancy. For instance, here's a great [video of a guy writing on manuscript paper](#) that gets the job done :)

- [iMovie Guide](#) - Apple's official online guide for iMovie 10. There are many other online helps (youTube vids, etc.) for which you might search. iMovie [Keyboard Shortcuts](#). Tutorial: [Adding titles and transitions](#).
- [GarageBand](#) (for Mac) - Entry-level Digital Audio Workstation (OSX for desktop, and iOS for mobile). [CLICK HERE for Dr. Watson's GarageBand Tutorials \(YouTube\)](#), including the tutorial [WORKING WITH VIDEO IN GARAGEBAND](#).
- [Kizoa](#) - Sync still images or video with music!

SOURCE/RAW CONTENT:

SOUND EFFECTS (SFX)"

"Foley" sound effects have been used since the days of radio and into the film era. [Watch this video on "Foley" sound](#). ([Alternative location for this vid](#) if first link doesn't work.)
