Instructions for Using This Template

1. Go to File > Make a Copy. Do not edit the template.
2. Rename the File (yourlastname_digital_learning_workshop)
3. Type appropriate information below the pre-set headings. Information starting on the abstract page count toward the 2-page limit (single-spaced and font as given). Page 1 is only for organizational purposes.
4. When complete, go to File > Download as PDF to upload to EasyChair.

Category

- ☐ Data-Driven Course Design
- ☐ MOOC Success Stories
- ☐ Blended/Hybrid Learning
- ☐ Applications of the Science of Learning (in Online and Blended/Hybrid Learning)
- ☐ Innovative Use of Digital Learning Environments (such as interesting uses of MOOCs, etc.)

Title

Replace this text with your title.

Author(s)

Replace this text with your authors.

University or Organization

Replace this text with your affiliation.

Abstract

This is the start of page 1 of 2. Replace this text to summarize the main idea of your work in 4 or 5 sentences.

Introduction

Replace this text to set up any relevant background information here. Use references as appropriate, but you do not have to include references in your page count. If your story is more research like, end this section with your question(s) and hypothesis(es).

Results

Replace this text to discuss your outcomes. Do you have any qualitative or quantitative data to support your story? Report that here. You may include figures, but they are not required. Your abstract, introduction, and results including figures should all fit within the 2-page limit. References may fall on the 3rd page.
