### Additional Options

Here is how the pricing for different options are calculated.

	<p>Reference Sheet:</p> <p>Each pose or every two close-ups counts as an additional character.</p> <p><b>These can not be done in the Painterly Style</b></p>
--	---

Panels:

Each additional panel counts as a separate picture at half price. The separate panels should also have a theme or narrative to them.

Each of the panels are not meant to be fully realized pictures. Panels are more like very simple shots or close-ups.

**These can not be done in the Comic Style or Painterly Style**

	<p>Coloration:</p> <p>Price will equal the price of the desired picture minus the current picture.</p>

### What else to include in your commission request

- Who is in the picture? What are they wearing, if anything?
- What the Character(s) doing? (activities, emotions, pose)
- Put in a background? If so, describe the background and where the character(s) is located in the background.
- Reference information, or picture, of character(s) (appearance, height).
- Include anything else you think should be mentioned.
- All of this will be requested in the form to fill out for commissions.

### Terms of Service

#### What I will not draw:

- NO pornographic or sexually suggestive acts of minors. (younger than 18 years of age)
- I can draw babies, but NO dirty diapers.
- NO Asphyxiation.

- NO Scat, Vomiting, or excrement of any kind.
- NO excessive amounts of pudge. Namely ones that take up the whole screen and to which the character is just a melting blob of fat.

Note, there might be a few others I didn't mention. I will tell you if I'm not willing to draw the subject matter. With that said I'm very open to most inquiries. Don't be afraid to ask for ANYTHING from me. Worst case scenario I'll just say I can't draw that inquiry.

### **Commissions being processed**

I will try to finish commissions in a more timely manner than I do my own personal work. However due to unpredictable circumstances, the finished product could take anywhere from a couple days to around a few months, depending on the size of the queue list (link provided above). I will give status updates on how far I am done with commissions. I do not work on a first-come-first-serve basis; I try to draw all pictures first as sketches then colorize them. Whoever receives their product first is completely on a delivered-when -it-is-finished basis. Delivery is done via Dropbox, Google Drive, or similar service.

All of my commissions are completely digital, even the sketches. All pictures are done on a resolution of around 7200 x 4800 pixels, but this may vary depending on the request. You will also be provided with a reduced size of 2400 pixels.

### **Payment Method**

The prices are non-negotiable. All payments are done via P@yP@I. After you give me a good description, I will request your P@yP@I email so I can send an invoice as a service. You will not receive your commission until I receive my pay first. Send the payments as "good or services ", do not provide a shipping address, and special instruction will not be needed.

### **Usage**

You can feel free to post the commission wherever you want, but be sure to credit me, Jammer Highwind, as the artist. Links to my galleries would also be nice. I may also use the commission for my portfolio as I please, unless it is requested this will remain private. All commissions are not for commercial use and shall not be sold for monetary reasons. If you want a commercial commission please tell me.
