

The Scalable Shift™ Private Invite (1:1 Edition)

During June - September, I'm opening a limited number of 1:1 consulting spots for powerhouse women like you, coaches, attorneys, bookkeepers, and service providers, ready to pivot from burnout to a scalable business model that supports your life, not drains it.

This offer is called **The Scalable Shift™**: it's your personal business remodel designed to shift you from booked-out and burned-out into structured, scalable growth. We take your brilliance, repackage it into a 3-tier offer suite, and build systems that let you lead, without breaking down.

This is perfect for you if you:

- Are maxed out with 1:1 clients and still feel like it's never enough.
- Built success, but it's tied to your time.
- Crave a simpler, smarter way to scale… and space to actually enjoy the life you're working so hard for.

You've been thinking about launching a group program, course, VIP Day, or workshop…
But the how, what, and when of it all feel overwhelming.

It's time to shift.

This isn't a course or program. This is private consulting and strategy tailored to *your* business.

We work together for 3 months to implement everything inside the **The Scalable Shift™**

The Scalable Shift™ is your personal business remodel — one that aligns your brilliance with a structure that supports your next season of growth

🔄 The Scalable Shift™ Framework

Is a five-phase journey to build a business that supports your life, not one that drains it.

1. **ALIGN**
We ground your next level in purpose.

We clarify your mission, vision, and capacity so your business model reflects where you're going, not where you started.

2. **BUILD**
We design a custom 3-tier product suite based on your goals, energy, and audience. This is your scalable structure, no more guesswork.

3. **CREATE**
We co-develop your signature scalable offer(s), delivery flow, and systems that support delivery at scale.

4. **LAUNCH**
You get a mapped-out go-to-market plan with a 30-day timeline and a metrics dashboard to track what matters

5. **LEAD**
We reset your backend with simple CEO systems so you can lead with clarity, delegate with ease, and scale with integrity.

👑 Who You Become

This isn't just about new offers or systems, it's about becoming a Scalable CEO.

You'll walk away as:
✅ **A Strategic Architect of your offer suite**
✅ **A Confident CEO making aligned, data-driven decisions**
✅ **A Recognized Leader with systems that scale alongside your vision**

You'll stop trading time for money.
You'll stop waiting for the "right time."
And you'll finally have a business that fits your life, not one that runs your life.

✨ Not Just Theory — Real Women. Real Results.

⚖️ Lauren, Attorney & Workshop Leader

Lauren was working 60-hour weeks with back-to-back 1:1 clients and no space to breathe. Through Pivot to Profit, we mapped out her first scalable offer: a live legal workshop series for small business owners.
In just six weeks, she increased revenue by 45%, launched her group offer with clarity, and freed up her calendar to focus on the high-ticket cases she *actually* loved.

> ***"I finally feel like I'm leading my business, not just surviving it."***

📚 Kim, Creative Business Coach

Kim was burned out from her packed coaching schedule and unsure how to grow without sacrificing her time. We used Pivot to Profit to build a 3-offer suite that included a mini-course, a group mastermind, and a VIP experience.
Now she works fewer hours, doubled her client capacity with a group model, and has a business that works with her energy, not against it.

> ***"My business finally feels like it fits my life and my goals."***

🎨 Desiree, Brand Designer & Studio Owner

Desiree had a booked-out design studio but no time to breathe. Her services were custom, labor-heavy, and maxed out. Together, we productized her process into a

group design workshop + passive template shop.
She launched in 30 days, sold out her workshop, and brought in passive income for the first time without adding to her workload.

> ***"The Scalable Shift gave me a way to grow without being everywhere at once."***

📌 These results aren't outliers; they're exactly what happens when aligned women get the strategy, systems, and support they need to scale smart.
