

Maker Art Class - Survey Report

Time Machine - Winter 2017

We taught a [Maker Art class in winter 2017](#) at the Lycée Français, to help 9 students ages 8 to 11 create a Time Machine with animated characters, motion, lights and sounds.

To learn what our students thought of this class, we asked them to fill [this printed survey form](#) on our last day, March 30, 2017. Seven students filled the survey (Louise, Esther, Lena, Tilo, Yann, Marshall and Eugene); two students did not fill it (Nathanial, Theodore).

Here are our survey results (see [survey spreadsheet](#)).

How would you rate this class?

Average rating: Very good - 4.7 (on a scale of 1 to 5)

Comments

I love this class.

Excellent.

I liked it.

I like that we did Arduino.

What did you make in this class?	# Responses	% Responses
Wonderboxes (e.g. Alien Invasion)	5	56%
Time Machine	3	33%
Beautiful things	1	11%

What did you learn in this class?	# Responses	% Responses
Arduino	3	43%
Many things	2	29%
How to program robots	1	14%
Motors	1	14%

Would you like to join future classes like this one?		% Responses
Yes	4	67%
Probably	1	17%
Not sure	1	17%
Don't think so	0	0%
No	0	0%

Which themes are you most interested in?		% Total
Robot World	2	29%
Magic Theater	2	29%
City of the Future	2	29%

Which skills are you most interested in?		% Total
Robotics	3	30%
Electronics	3	30%
Programming	2	20%
Art / Design	2	20%

How could this class be improved?	
Cannot be improved	3

<u>Comments:</u>	
It is perfect.	2
You can't.	1
There is too much talking at the beginning.	1

Would you recommend this class to a friend?		
Detractors (No, Don't think so, Not sure, 0-6)	0	0%
Passives (Probably, 7-8)	1	14%
Promoters (Yes, 9-10)	5	71%

Net Promoter Score 71 (Very high)
