Team Messages:

- ❖ Please send your child to school with a snack. Many of them are requesting snacks at school that we do not have. If your child is in need of a snack, please let us know.
Thank you!
- ❖ The Fifth Grade Promotion Committee has already begun planning. Click here to open and access the flyer that went home: [Fifth Grade Promotion](#)
- ❖ Homework Checklist: [📅 24-25 Homework Checklist](#)
- ❖ Synergy is the platform that our school is using. When we send an email through Synergy, it may appear in your inbox as "No Reply." This is from your child's teacher, and you can reply through Synergy, or contact your child's teacher through their Outlook email.

 - Lexi Herbert: Alexis_J_Herbert@mcpsmd.org
 - Denise Kim: Denise_Kim@mcpsmd.org

➤ Katie Rosenfeld: Katie_A_Rosenfeld@mcpsmd.org

- ❖ **Parent Volunteers & Chaperones:** Please be sure that you are up to date on all required training before volunteering to chaperone or help in the classroom. Use the link below to get access to all the MCPS Parent Volunteer info: [Volunteer - Montgomery County Public Schools, MD](#)
- ❖ Fifth grade is hosting a wax museum! Parents ARE INVITED!!! Find information here: [Wax Museum Flyer](#)

Curriculum Topics:

CKLA:

- ★ Students will finish Unit 8: Native Americans.
- ★ Students will prepare for their end of unit assessment which is on Monday, June 2.

ELC:

- ★ Students will work on finalizing their persuasive speeches.
- ★ Students will continue reading their novels and studying the science fiction genre.
- ★ Students will do their Word study on Greek roots biblio, ast(ro), cycl(o).

Math 5:

- ★ Students will draw symmetric figures using distance and angle measures from the line of symmetry.
- ★ Students will draw symmetric figures on the coordinate plane.
- ★ Students will plot data on line graphs and analyze trends.
- ★ Students will use coordinate systems to solve real-world problems.

Math 5/6:

- ★ Students will take a mid-module 6 assessment
- ★ Students will be given a data set, and determine the median of the data.
- ★ Students will be given a set of data, and describe how the data might have been collected and the unit of measurement for observations in a data set.
- ★ Students will calculate the median of the data and describe the variability in the data by calculating the interquartile range.

Social Studies:

- ★ Students will continue working on their Shark Tank projects for the economics unit.

Science:

- ★ Students will apply their understanding of plant needs and photosynthesis to support an argument about the source of mass for giant sequoia trees
