Goals

- 1. To provide students with time for academic enrichment, school work, socialization, and physical activity.
- 2. To provide families with an option for after school care, which then offers parents more quality time with their children at home after work.
- 3. To make the program affordable so that all families can participate.

Hours of Operation

- 3:15 p.m. to 5:30 p.m., Monday through Friday, during the school year.
- No after school programming when school is closed due to inclement weather or if there's an early release due to weather.
