SL: Abigail, how about that 1K follower mark?

Hi Abigail,

I really like that you showcase your offers on your Instagram page and are unique in doing it!

Do you want to see your Instagram page hit 1K followers in 2 months?

Abercrombie & Kent uses a strategy that gains them more than a thousand followers per month.

By posting twice a day with catchy text and your unique touch, you can reach that 1K follower mark in two months or less!

I will create, write, and post 2x a day for the next 30 days. The best part? You won't pay unless we see results.

If you're interested in scheduling a call next week If you're free, reply with a "YES." I know you're a busy woman.

Wishing you a great day,
Josef
