TERMS OF SERVICE

Contact

Send me an email at challa.animations@gmail.com if interested.

Describe your desired image in your initial message. If I'm interested I will respond with a (rough) price quote.

Optionally we can take the discussion over to Discord messages, just let me know.

Subject matter and pricing

There is no list of what I will and won't draw. As a general guideline, just look through my existing works if in doubt. I am open to drawing a variety of things.

I require visual reference of your character(s). I charge extra for things/objects I have to design from the ground up; provide as much reference as possible.

Price can fluctuate according to the complexity of the design.

Additional characters will be the full price of a character.

Payment

Payments will be made via PayPal. **Please include your PayPal email in your initial message.**

Payment will be made **upfront**. I will send you a PayPal invoice once we have agreed on the details of the image. I will start working after the transaction is complete.

Revisions and modifications

The work is completed in 2 phases.

Phase 1 is sketching/drafting, during which you can ask for revisions to the image. I offer up to **3 revisions**. When you're happy with the sketch I will move on to phase 2 - the rendering.

You will receive regular updates on the progression of the piece during rendering. You can ask for minor modifications to the image during this phase.

You will receive the final image as a high-resolution PNG image.

Other agreements

I do not offer refunds. If you think you might need a refund for **any** reason, please do not commission me.

Artwork is for **personal use**. I remain ownership of the work. You are not allowed to reproduce or sell the artwork.
