# LIFE EXHIBITION
# RETURNING TO SUDBURY

School children in Sudbury and the surrounding district will soon be given the opportunity to discover more about the life and impact of Jesus.

Following the success of its previous visit to the town in 2020, The LIFE Exhibition, which travels the length and breadth of the country, is returning to Suffolk Road Church from **7th to 11th March 2022**.

Created by national Christian organisation COUNTIES, the exhibition is being organised locally by "Number 72" (The Family and Community Network) with the help of local churches and Future Vision.

Groups of children in Key Stage 2 from local primary schools are being invited to visit the exhibition, which involves a multi-media presentation about the life of Jesus, including DVD and music clips. Each child will use android tablet technology to move through the exhibits. Teachers will be given feedback based on the children's responses to various questions, and offered further support to follow up what they have learned back in the classroom.

National LIFE Exhibition Co-ordinator, Kevin Baldwin, said…

*"The purpose of the exhibition is to give people an opportunity to think for themselves about who Jesus really is. No single person has ever done more to influence the course of history, and to affect so many people's lives, and yet there is still so much misunderstanding around his life, death and resurrection. Many people see Jesus as an inspirational figure, and we want to help people consider the meaning of Christ's miracles and teaching, and the impact of his death and resurrection, not just 2,000 years ago, but still today. The idea is to take a look at what we know about Jesus, and let people make up their own mind. The children that have visited the exhibition in previous venues have really enjoyed the experience, which includes its own 'LIFE Café' serving free refreshments."*
