Red Panda Apps Privacy Policy

Last Updated: 24.05.2018

Red Panda Apps (“**we**”, “**us**”, “**our**” as appropriate) uses MIT App Inventor or its derivatives to develop apps. Sadly, we don’t have the possibility to choose the apps permissions, so sometimes an app gets more permissions than required. Rappidly Inc., 981 Mission St. San Francisco, CA 94103 (“**Thunkable**”, “**our service provider**” as appropriate) may collect and analyze anonymized, de-identified information from Amplitude and Crashlytics to improve their service. Red Panda Apps has no influence on that.

If we do so, we’ll let you know either by posting the modified Terms on the Site and updating the “Last Updated” date above or through other communications. If you don’t agree to be bound by the modified Terms, then you may not use the Services anymore. We also reserve the right to permit or restrict any user’s access to part or all of the Services at any time, and for any reason, at our sole and absolute discretion.
