

INVESTIGATING CLIMATE CHANGE IN THE NEWS

TASK: Investigate a false claim related to CLIMATE CHANGE .

CHOOSE TOPIC: Use Snopes.com to select two claims related to CLIMATE CHANGE - have your teacher approve the claims you have chosen. REMEMBER WHAT YOU CHOOSE!

You will be using a Google Slide template that your teacher will share with you. Make sure you rename it to your last name and a couple words describing the topic. You will be deleting the text on each slide and replacing as directed.

STEPS:

For each topic you will:

- ☐ **Slide 2**: Read the Claim/Falsehood on Snopes and explain the claim in your own words on.
- ☐ **Slide 3**: In 2-3 sentences explain the ORIGIN of the claim.
- ☐ **Slide 4**: Read the FACTS provided by Snopes. summarize and bullet the facts that you found most important.

Web Site #1

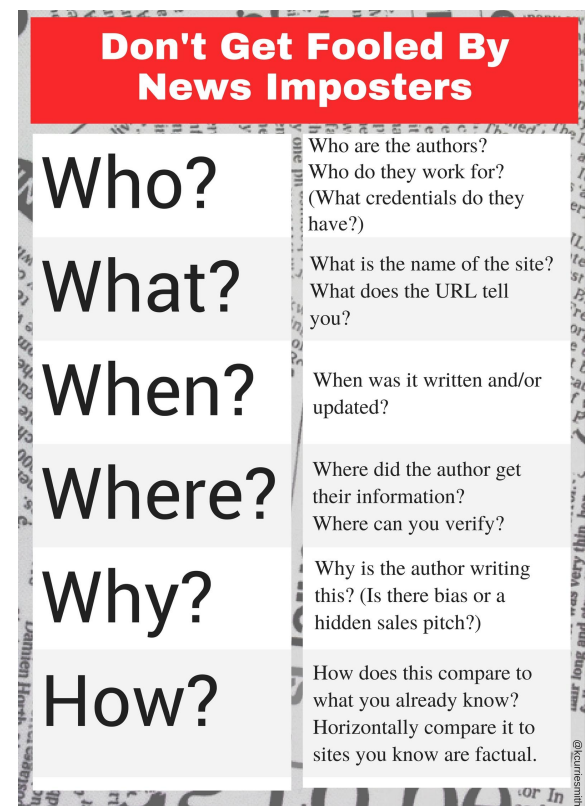

- ☐ Find 2 factual websites besides Snopes that disprove the claim.
- ☐ **Slide 5**: Write the name & URL of the first site.
- ☐ **Slide 5**: explain why you know the site is TRUE.
- ☐ **Slide 6**: Bullet at least 3 important facts from site.

Web Site #2

- ☐ **Slide 7**: Write the name & URL of the second site.
- ☐ **Slide 7**: explain why you know the site is TRUE.
- ☐ **Slide 8**: Bullet at least 3 important facts from the site.

CONCLUSION:

- ☐ **Slide 9**: In 2-3 sentences write your personal conclusion about the claim on.

After you are done with the information on the 9 slides you may go back and “design” your slides. You may add slides with graphics but be sure to cite where you got them.
