

Self-Cleaning Cat Litter – Comfort and Hygiene Made Easy

Give your cat a clean and comfortable space with our self-cleaning litter box!

Designed to make your daily life easier, this innovative litter box automatically cleans after each visit from your feline companion, providing you with an odor-free and effortless environment. Ideal for cat owners who want to ensure optimal hygiene, while reducing the need to regularly change litter.

Why choose our Self-Cleaning Litter?

With this self-cleaning litter box, you improve both your daily life and that of your cat. No more chores, bad odors and daily cleaning. Your cat will enjoy a clean and comfortable space, and you will save time to enjoy your four-legged companion more..

Benefits:

- **Automatic cleaning** : No more shoveling! Thanks to an advanced mechanism, the litter box automatically cleans itself after each use, collecting waste in a sealed compartment.
- **Odor control** : The waste compartment is airtight to prevent bad odors and keep your home fresh.
- **Save time** : Reduce your household chores. Simply empty the waste tank once a week, depending on frequency of use.

- **Comfort for the cat** : Designed to be spacious and comfortable, this litter box is perfect for cats of all sizes.
- **Safe technology** : The motion sensor ensures that cleaning only starts once the cat leaves the litter box, to ensure its safety.

 **Order now and enjoy a clean home effortlessly!**

FAQ - Frequently asked questions:

- **Q: Does the litter box work with all types of litter boxes?**
 - **R** : Yes, it works with most clumping litters, but for best results we recommend a clay or silica based litter.
- **Q: Is it noisy?**
 - **R** : No way ! With a noise level of less than 40 dB, it is very quiet and will not frighten your cat.
- **Q: How to clean the device?**
 - **R** : A simple weekly cleaning of the waste bin and a wipe with a damp cloth is enough to maintain the litter.
