

TECHNICAL NOTE:

Template changes in Continuum XFP #36 (3.12.0)

The Event Booking component requires some extra CSS. The following CSS has been taken directly from the XFP “Project Template”, and will therefore only provide a baseline style so that the component is functional. It will more than likely require adjusting on a per site basis to match the design.

```
#xform_layout .calendar {  
  display: block;
