A CRIMINAL DUI ATTORNEY WITH PROVEN SUCCESS RATES IN TORONTO

**HOW AN EXPERIENCED TORONTO DUI CRIMINAL DEFENCE LAWYER WILL
HELP YOUR CASE**

<http://www.toronto-dui-lawyer.ca>

Even though the laws are very precise in Toronto regarding DUI misdemeanors, a top of the line criminal DUI lawyer can defend you optimally in court. The strategy we adopt is to cross examine key prosecution witnesses and focus on points and questions that will favor our clients. Anything else is simply not taken up. The main objective is to create reasonable doubt in the minds of the judges that the accused did not commit the offence as per the arguments being advanced by the prosecution.

This is where our expertise as a leading criminal DUI lawyer in Toronto, Ontario is brought into play.

THE ROLE OF A TORONTO DUI CRIMINAL ATTORNEY IN DETERMINING IF BAC CAN BE USED AS EVIDENCE

When one is required to give a breath sample to a qualified technician using an approved instrument there are two things that need to be determined before using the blood alcohol concentration (BAC) as evidence.

- The BAC at the time of giving the samples.
- Based on this reading, the person's BAC at the time of offence.

The prosecutor relies on the certificate offered by a qualified technician which outlines the analysis of the breath samples when presenting his/her case. This is known as the presumption of accuracy.

However, a reliable DUI criminal defence lawyer will cross-examine Crown witnesses and will gather evidence to show why the results placed in court might not be accurate. This will force the court to evaluate the evidence placed before it.
