I can't/wont do 🙅

- Real people
- Explicit NSFW/Fetish intended drawings
- Shipping that involves incest, illegal age gaps etc
- anthro/furry unless it's very simple and cartoony
- Live2D models
- Reference sheets (very rarely do this kind of thing as practice but i'm not confident enough at it!)

Happy to do 👍

- All body and hair types
- Inklings/Octolings as well as splatoon weapons
- OC x canon, crossover ships etc
- Ffxiv OCs
- Some Vtuber assets, Song cover art etc
- I'm happy to draw sexy/revealing designs but please understand if your account and brand is explicitly sexual I might not want my art associated with it, feel free to ask if you're unsure :)

Prices are determined by time taken on the piece and level of detail, feel free to ask if you're interested in a more detailed/painted background or added props and objects. I can be flexible with my prices depending on what you want but please don't be rude about my pricing as this is my only form of income.

I usually take around 5 commissions at a time and turnover time may take from around a week to a month at most depending on how big they are. You're free to ask for as many progress updates and alterations to a commission as you'd like
