Battle of the Books

Attention Laker Readers!

Woodland has a reading club called Battle of the Books. Any rising 3rd - 5th grade student is welcome to participate. Students who would like to participate in the Battle of the Books competition will need to read the 10 books listed below, take the AR quiz for each book and complete an activity for each book by March 8, 2019. The activity is simple - after reading each book, students will need to write 10 questions and the answers to each question. After March 9, 2018, any student who has completed all 10 books and questions, will get to participate in a game show against other students. In order to participate in the game show, students must have completed all 10 books and questions.

Some of these books we have class sets of in the library. Students are welcome to check out these books. Other books can be found in our school library or the public library. If you have trouble finding a book, let us know and we will help you. There is no need to buy a personal copy of each book unless you prefer to do so.

If you would like to participate next year, please return this form by Sept.7. I will add you to the Google Classroom where you will write your questions. Every question needs to start with "In which book...". Students may start reading the books and working on their questions over the summer. If you have any questions, please email to the addresses below...
