

Here are some ideas for talking about your family in class on 3/24/21. Make your own list for whatever you want to say. Bring a picture to hold up to the zoom camera if you want. In class on 3/24, our group will give a demo. Then everyone will go into pairs in breakout rooms for 5 minutes. Then we'll go into new pair breakout rooms for another 5 minutes. Then repeat a few times. Speed dating style! Then we'll regroup as a whole class and converse about our families.
