

Update March 13: The Trustees voted NOT to rescind the degree. Organizers of this petition are currently working on a response to this decision.

Update Jan 24: This petition was forwarded to the college president on January 11 and an update sent to him on January 18. We have not received a response.

We, the undersigned, support the call to rescind the honorary doctorate awarded by St. John Fisher College to Rudy Giuliani in 2015. His statements and actions related to the 2020 United States Presidential election, its aftermath, and the ongoing COVID epidemic do not reflect the mission and values of this institution, as summarized in our concise mission statement:

St. John Fisher College is a collaborative community dedicated to teaching, learning, and scholarship in a student-centered educational environment. The College is guided by its liberal arts tradition and its Catholic heritage, as expressed in the motto of its founders, the Basilian Fathers: "teach me goodness, discipline, and knowledge." Fisher engages individuals in lives of intellectual inquiry, professional integrity, and civic responsibility, where diversity and service to others are valued and practiced.

As documented in numerous news reports over the past several months, Mr. Giuliani has demonstrated an unwillingness to engage in rigorous and objective intellectual inquiry, a gross lack of professional integrity, and an extraordinary level of irresponsibility to the civic life and values of our nation.

- [Admittedly falsely claiming evidence of voter fraud in court while still seeking to overturn results](#)
- [Inciting Donald Trump's supporters to use violence to overturn legitimate election results](#)
- [Ignoring health guidelines to reduce coronavirus spread, even while having symptoms](#)
