

Enrichment

Enrichment activities may include trips to shows, industry exhibitions such as 'Move It', to drama and dance schools, etc. as well as workshops based at the college. (It does not include the Conservatoire EAST Season shows.)

Evolveshop payments refers to the EVOLVE pay system, which is a fully hosted payment solution designed for schools. It allows parents to make payments for products, services, and events online, streamlining financial management processes.

Trips will be organised and an online payment system set up using Evolveshop. Students will be given a link and will need to use the link to make the payment*. Some payments (if they are large) will be able to be paid in instalments.

*Students on the college Bursary will NOT need to make any enrichment payments but may still need to use the Evolveshop in order to register their intention to participate in the enrichment activity.
