Similarly, if set your enrollment settings to the **RIGHT** leg, all of your personally enrolled users will be placed at the bottom of your **RIGHT** leg.

By setting your enrollment settings to **LESSER LEG**, all of your personally enrolled users will be placed on the leg that has the least volume.

By setting your enrollment settings to **HOLDING TANK**, your personally enrolled users will go into your Holding Tank page where you can manually place them wherever you'd like in the binary. Now that you have your Affiliate Back Office set up, you are ready to start building your team!

Here are your next steps:

1. Send this video

 Africa Fuel Factor X (FFX) Product and Opportunity to friends, family, business colleagues, etc.

Special note: When you have guests at a presentation, **always be in attendance**. Immediately after the presentation, follow up with them and ask them what they liked best about what they saw. Based on their response, you will know whether they are interested in becoming a customer, an affiliate or possibly a referral source. If they choose to become a customer or affiliate, send them the following enrollment directions to start their account. Please read the directions and personalize it as necessary (i.e. your user name, business name & account number.)

Copy this text, insert your personal information and paste it in a message to your prospective new affiliate/customer

ENROLLMENT DIRECTIONS:

There is an easy enrollment form that you need to fill out to become an affiliate or customer. To get to this form please do the following:

Go to my website : www.mydailychoice.com/your user name

When you get to the website go to the upper right hand part of the page and click on “Sign Up”

When the next page comes up scroll down to the bottom of the page and under COMPANY click on “CREATE AFFILIATE ACCOUNT”

You will be taken to a page that shows “Become an Affiliate”. Click on “Continue as Affiliate”.

- This takes you to “Affiliate Registration”.
- Put in your first name, last name, email, and phone number.
- Where it says username put in the name you want for your business. It can be your name or a business name but it can not have any spaces in it. This will be your website name.
- Example: [www.Mydailychoice.com/\(your name with no spaces\)](http://www.Mydailychoice.com/(your name with no spaces))
- Put in your birthday.
- Put your ownership name. This can be your name or a business name and can be the same as your username but with spaces put between the words.
- If any of the boxes show words already in them just clear them out and replace them with your own information. The new website's easy enrollment portal still has a few bugs to work out.
- Enter your chosen password twice, being sure to use at least one upper case letter, one lower case letter, one number, and one special character such as \$ or !.
- Be sure to write down and store your username and password for future use.
- Click on the box that says you have been referred to MDC by the person who invited you to the opportunity presentation.
- Click on the box that says you have read and agreed to the MDC policies and procedures.
- Click enroll.

This will take you to a place to purchase your starter kit which you can do now or later. I suggest that you purchase the Fuel Factor X Executive pack so that you will optimize your commission structure.

Please let me know if there are any questions. After this is all done and you have time to look over your website I will be glad to give you additional training on how to use your website.

I am excited to work with you and I look forward to a long and prosperous friendship and partnership.
